Medically Inspired Skin Care

Product CATALOG

ClearChoice®, a division of Dermastart, Inc is a results-driven skin care line that utilizes botanical and active ingredients to achieve physician-grade results. The mission of ClearChoice® is to promote the principles of education with innovative trends to the cosmetic industry and provide skin care professionals with scientific and technological knowledge to help them achieve a strong foundation to build their business to its greatest potential.

Cleansers

Gentle Foaming Cleanser

Gentle Foaming Cleanser is a soap-free foaming cleansing gel designed to help your skin achieve its natural pH balance. Removes excess impurities and dissolves make-up residue without harsh dryness. Surfactant free.

Hydrating Cleanser

This rich soothing cleanser envelops delicate skin and helps preserve the hydrolipid barrier, leaving the skin radiant. Especially designed for Rosacea, sensitive skin, and skin types exposed to harsh weather conditions. Effectively removes dirt, debris, and makeup without stripping skin of essential moisture. Surfactant free.

Mandelic Cleanser

Instantly refine your skin every time you cleanse. This gel cleanser combines Mandelic acid, enzymes, and Turmeric to gently exfoliate and remove impurities from the skin. These powerful ingredients work to reduce inflammation while a unique blend of silk proteins helps restore balance and hydration, leaving your skin with sheer clarity.

Balancers & Toners

Hydrating Balance

Hydrating Balance is formulated for all skin types and gives skin a refreshing boost of rejuvenation. It helps to prolong makeup and refreshes dehydrated skin from excessive exposure to heat and wind.

GlyBright Pads

Advanced dual-action treatment promotes cellular renewal, and premium actives assist by blocking epidermal melanin synthesis that inhibit the enzymatic oxidation of tyrosine production. GlyBright Pads promote cellular renewal by gently exfoliating dull, dead dermal cells and help maintain a brighter complexion. These perfect on-the-go super-charged pads are infused with skin brighteners, nourishing botanicals, and glycolic acid that help to boost cell regeneration, enhance your natural glow, and smooth appearance. Hydroquinone free.

CopperICE Pads

Maintains its natural bio-protective properties and promotes keratinocyte growth and fibroblast adhesion for a skin-regenerating effect and enhanced wound healing. Enhances skin firmness and elasticity, reduces the appearance of wrinkles, and promotes skin cell turnover.

Hyperpigmentation Tx Solution

Phytic acid is clinically proven to improve skin's clarity by 52% and diminish hyperpigmentation by 34%. Using this targeted acid hyperpigmentation is decreased by chelating copper to inhibit tyrosinase enzymes involved in melanin formation.

ClearBalance Pads

Super-charged pads infused with Salicylic acid and nourishing botanicals help penetrate deep into clogged pores to reduce acne and eliminate trapped debris. ClearBalance is specifically formulated for oily and problematic skin types. Clinical studies have shown that Salicylic acid helps release and unclog stubborn pores by actually liquefying the sebum.

DN•A Pads

A peptide derived from growth factors that activates skin's natural repair function, reduces the appearance of fine lines and slows the aging process. Boosts the production of DEJ components (collagen VII, laminin-5, fibronectin) and activates natural skin repair.

Resist/Rewind Collection

Resist/Rewind Cleanser

This superior cleanser contains a rapid new technology that allows a continuous all day active release of acne-fighting Benzoyl Peroxide. Resist/Rewind penetrates deep down into the pores to eliminate the source, Propionibacterium acnes - acne-causing bacteria. This gel-like cleanser combines Mandelic acid, enzymes, and Turmeric to gently exfoliate and remove impurities from the skin. These powerful ingredients work to reduce inflammation while a unique blend of silk proteins helps restore balance and hydration, leaving your skin with sheer clarity and results without the irritation that some BPO leave behind.

Resist/Rewind Tx Solution

This treatment solution helps to re-balance the skin's pH level, while infusing the skin with nourishing, brightening, and anti-inflammatory ingredients that help to reduce free radicals and acne breakouts. Using daily promotes healthy dermal cell renewal and a glowing complexion.

Resist/Rewind Sun Shield Plus SPF-30

Sun Shield Plus is recommended for oily/acneic skin types to help protect against harmful sun exposure. Using Sun Shield Plus SPF 30 daily will help control future breakouts and control over-active sebaceous glands.

Resist/Rewind Night Lotion

As your skin demands critical night time repair, Resist/Rewind Night Cream penetrates deep within your skin to help fight against breakdown and breakout. While you sleep, Peptides, antioxidants, and Monk's Pepper work together as defenders against damage. This renewal state is essential for resisting against future breakouts, diminishing the depth of lines and wrinkles, giving tautness to skin, and speeding up the regeneration process of skin cells for a clear, healthy complexion.

Acne Boosters

Moisture Clear

This gel-based moisturizer contains 2% Salicylic acid and natural emollients that are fortified with vitamins and antioxidants. Helping to create a barrier of protection, this beta hydroxy acid (BHA) penetrates deep within the follicle, helping to liquefy trapped sebum (oil) to prevent future breakouts.

V•A•T - Volcanic Active Treatment

Volcanic Active Treatment (V.A.T.) contains an African plant derived complex that targets the skin's underlying cause to create a more desirable complexion. This special formula will help dry out and prevent recurring breakouts while controlling sebum production and minimizing pores in the T-Zone. Medical research proves that this bio-engineered botanical reduces shine and refines enlarged pores by as much as 36% in 28 days.

BP• 8%

This newly improved liquid formula BP 8% is 30 times stronger than most Benzoyl Peroxide formulations. Benzoyl Peroxide is an anti-bacterial agent that is a safe and effective way to combat the spreading of P-acnes bacteria.

Elimaderm

This high performance serum contains a blend of acids suspended in Japanese Green Tea. 12% Elimaderm Serum gently exfoliates dead cells helping to control acne breakouts, minimizing superficial fine lines, and revealing smoother, healthier-looking skin. Great for all skin types.

Clinical Spot

This "on the spot" treatment is highly advanced to treat unwanted acne lesions. Clinical Spot helps to attack bacteria, improves texture, prevents follicular blockage, minimizes discoloration, aids in healing, and increases the skin's immunity. Finally a blend of the most effective acne-recommended ingredients in one powerful product!

Polish & Exfoliate

P•E•C - Pumpkin Enzyme Complex

Pumpkin Enzyme Complex is a superior dermal polishing exfoliant that contains a combination of chemical and physical resurfacing agents. Crushed bamboo and papain enzymes help slough dead skin cells while lactic acid helps to brighten and hydrate the healthy skin. This therapeutic treatment is perfect for sensitive and problematic skin types. P•E•C is not as intrusive as other acid peels, yet it provides benefits that are responsible for cellular turnover.

Mini Facial

Mini Facial is an invigorating (daily/weekly) treatment encompassed with all the essential ingredients to dissolve blackheads, balance sebum production, stimulate the defense system, and recapture your skin's youth for a radiant glow using crushed bamboo stalks. Recommended for all skin types, men, and avid HD makeup users.

Targeting Moisturizers & Serums

Vita C-B5 Complex

Vita C-B5 Complex is a unique formula that helps improve one's tone, texture, and appearance. This lightweight lotion utilizes powerful antioxidants to improve firmness, all combined with vitamins C (L-Ascorbic acid) and B5. Continued use will stabilize melanin production, leaving your skin bright and radiant.

TCA Moisture Peel

TCA Moisture Peel is a corrective at-home treatment that helps epidermal improvement. It has been shown to alleviate acne, scars, uneven tone & texture, and various levels of hyperpigmentation and fine lines.

Anti-Wrinkle Retinax

This triple-action formula contains corrective ingredients that promote new collagen and elasticity and strengthen fibroblast. Nightly use will encourage clarity, improve texture, and help normalize photo-damaged skin.

LumiLacti-C

LumiLacti-C is composed of 10% Lactic acid, 15% vitamin C, and an amazing natural skin brightener. Together, these three ingredients provide a unique function to repair, brighten, and stimulate new, healthier-looking skin. LumiLacti-C is recommended daily to reduce discoloration and maintain an even facial complexion.

Age-Defying Moisturizer with Clinical Repair

ClearChoice® has resolved all the concerns of aging. Age-Defying Moisturizer with Clinical Repair provides all day "true" hydration, creating harmony with the use of Retinoids, Alpha Hydroxy Acids (AHA's), and TCA - ultimately enhancing epidermal activity. This is the every-skin-type solution to a healthier, more youthful appearance.

Enlighten

This powerful cream restores the natural skin tone by lightening unwanted sunspots and other irregular pigmentation concerns. This combined formula contains professional-strength ingredients and bio-active botanicals to treat the most sensitive of skins.

Matrix Repair Serum

Matrix Repair is a revolutionary serum to reduce wrinkles and the loss of collagen, and strengthen the epidermal junction. It has been proven to increase the synthesis of the dermal matrix molecules that are essential to preserving the skin's youth. Matrix Repair Serum triggers a signal to the epidermal & dermal cells to replenish collagen I, III, and IV. This process is critical for smooth, supple skin.

Targeting Moisturizers & Serums

AGE's Repair Cream

Designed to combat multiple levels of aging, AGE's (Advanced Glycation Endproduct) is an exclusive blend of peptides, stem cells, and amino acids that help defend and reduce the degradation of collagen.

Reconstructive Brightening Cream

Target unwanted discoloration without the use of hydroquinone. Ideal for daily maintenance to help promote healthy skin and unveil a flawless complexion.

CopperICE Cream

CopperICE Cream maintains its natural bio-protective properties and promotes keratinocyte growth with fibroblast adhesion for a skin-regenerating effect. Using daily will enhance wound healing, skin firmness, and elasticity, reduce the appearance of wrinkles, and promote cellular turnover.

Iso Moisture

Iso Moisture has a special blend of nourishing botanicals that help fight free radicals that could lead to nutrient-deprived skin. Recent studies have proven that Green Tea is a superior extract for anti-aging, strengthening elasticity, and calming rosacea.

Eye Cream

ISO Eye Cream

ISO Eye Cream is specially tailored to hydrate and strengthen the delicate skin around the eye area. Formulated with physician-recommended ingredients and the most viable botanicals to combat premature aging. Iso Eye Cream provides outstanding results for every concern.

Masques

Hydrating Masque plus Night Therapy

This soothing masque is infused with ingredients that nourish, rehydrate, repair, and firm all skin types - even sensitive skin. This combination treatment masque can be used as a night moisturizer to replenish thirsty skin and treat rosacea flare-ups. Try using this wonderful healing masque on swollen, tired eyes.

Sun Protectant

Sun Shield Plus SPF-30

Sun Shield Plus is recommended for oily/acneic skin types to help protect against harmful sun exposure. Using Sun Shield Plus SPF-30 daily will help control future breakouts and control over-active sebaceous glands.

Sport Shield SPF-45

Sport Shield SPF-45 is a combination block and light moisturizer formulated for daily use for the face (non-comedogenic), chest, hands, and arms. Contains antioxidants to help combat free radical damage, which can cause premature aging. Superior for all skin types. Specially formulated to resist sweat and water for 80 minutes. Combined with the most powerful protection Micronized Zinc. PABA-free - safe for sensitive skin.

Lumi Antioxidant Hand Therapy SPF-18

Treat your hands & nails from the inside out! ClearChoice® Antioxidant Hand Therapy helps eliminate the worst kind of dryness, and even protects against those harsh winters. Fortified with skin conditioners and antioxidants such as Hyaluronic acid, Alpha Lipoic acid, vitamins C & E, and Shea Butter, blended together with Physicians #1 nail strengthener, Biotin. This special treatment helps firm aging hands with DMAE and lightens unwanted age spots, leaving hands soft and youthful.

Powder Shield SPF-30

Powder Shield is formulated as a brush on defense for age-defying prevention. Touch up your oily skin and protect yourself from the sun's harmful rays in one step. Transparent, silky, oil-free powder will protect the skin from sun exposure and dehydration. Available in Rich, Medium, Light, and Clear.

Body Products

Body Polish

Body Polish is a dermal polisher that helps prevent acne breakouts, keratosis pilaris, and pseudofolliculitis, and helps to minimize potential scarring from untreated post-inflammatory marks. Formulated with Mandelic acid, Benzoyl Peroxide, and pulverized bamboo stalks, which together help alleviate trapped oil deep within the pores.

Body Repair Therapy

This highly active cream helps to accelerate cell reproduction and promotes the restructuring of the fiber network, which ensures that the skin's elasticity is maintained. With continued use, results are visible after 4–6 weeks. This Body Repair Therapy works on two levels. First, stimulating collagen synthesis and second, reinforcing and restructuring the extra cellular matrix for better cohesion, suppleness, and skin tone.

Firming Body Lotion SPF-18

A complete body moisturizer that acts as an invisible body glove to help hydrate, firm, and protect delicate skin. Highly refined oils of grape seed, sunflower, sweet almond, and shea butter give the performance needed to alleviate dryness and scaly skin. Extracts of ginkgo biloba and olive leaf, blended with white, green, and red teas, offer a high level polyphenol (anti-oxidant) properties, functioning as free radical scavengers. Enriched with vitamin B3 (niacin) and SPF for additional day wear protection. Glucaine is the latest ingredient to assist in stimulating lipolysis and diminishing fat cells, the appearance of cellulite, and underarm adipose tissue.

Organic Hand Sanitizer

This refreshing hand sanitizer will not only kill germs but also hydrate your hands at the same time. Organic Aloe Vera and vitamin E moisturize and nourish your skin while Tea Tree oil, peppermint extracts, and hops extracts will leave your hands feeling invigorated and clean!

Therapy Relief

Soothing Healing Lotion

A nurturing blend of Azulene, Echinacea, Calendula, and nature's own natural anti-bacterial agent, Tea Tree oil. This powerful lotion strengthens the body's natural defenses, calms pain, and encourages healing. This flavonoid-rich extract of calendula decreases capillary fragility and helps to maintain healthy, small blood vessels in the skin.

Sodium Hyaluronate

Hyaluronic acid is a superior hydrating and plumping serum that transforms skin from the inside out. This clinical strength hyaluronic acid is known for holding up to 1,000 times its weight in water. Component of skin tissue, HA helps to boost skin's moisture content, reduce inflammation, trigger cell communicating abilities, and reduce moisture loss.

Laser Guard

This protectant guards the skin from the outside elements during the healing process after deep professional treatments. The key ingredients of Petrolatum, vitamin E, Squalane, and Hyaluronic acid provide an occlusive protective barrier.

Advanced K

Advanced K is an excellent therapy to help diminish rosacea, dark circles, bruising, and unsightly spider veins. This cosmetic secret helps to strengthen capillary walls by rehabilitating damaged skin and renewing underlying tissue.

Post Care Protectant -New Formula-

This hydrating protectant is perfect for use during the second stage of healing, post re-epithelialization. Containing natural humectants, 1% Hydrocortisone, and vitamin E in an Organic Certified Aloe Vera base, it protects and moisturizes the skin, and helps reduce the redness and itchiness associated with this stage of healing. This product is recommended for 24-72 hour therapy for all deep professional procedures.

Intense Moisture

Squalane is a pure, highly refined natural oil extracted from the pits of olives that has a natural affinity with the skin. It's one of the main components of human sebum (oil) to naturally hydrate the skin.

Professional Peels

Green Tea & Glycolic Peel (aka: Rosacea Peel)

A 35% Glycolic acid with green tea makes this solution perfect to accelerate the healing process without affecting the peeling process. Green tea is an anti-inflammatory & alleviates redness. This quick-delivering acid rejuvenates the complexion while infusing green tea deep into the skin. This gel-based peel is our No.1 recommendation for first timers.

Jessner Peel

The Jessner's Peel consists of a blend of 3 acids: 28% Lactic, 28% Salicylic, and 14% Resorcinol. Each plays a different role in resurfacing the skin. These 3 ingredients work synergistically to diminish wrinkles, lighten hyper-pigmentation, control acne, and slow down the production of excess oil.

70% Lactic Acid with CryoProtect

Lactic acid is the keystone of Alpha Hydroxy Acids (AHAs). This non-irritating rapid exfoliator is well received by all skin types. Naturally occurring in human metabolic cells, this acid is recommended as part of an age-management program. Lactic acid is beneficial in treating hyperpigmentation, acne scarring, and fine lines.

50% Glycolic Peel

This peel is an extremely valuable tool in the aesthetic room. Glycolic acid directly influences epidermal keratinization that helps address a combination of concerns, such as sun damage, acne, and elasticity. Prepping the skin is critical for maximum results.

Mandelic Peel

25% Mandelic acid, derived from bitter almonds. M.A. induces less redness, flaking, and skin irritation. Mandelic acid is a better choice for people with lots of pigment. All skin types.

Acne Peel

Containing 35% Salicylic acid, this peel prevents sebum blockage, eases extractions, and prevents pseudofolliculitis. Does not require neutralization.

TCA Intense

TCA Intense works by coagulating proteins. This process will result in epidermal destruction, giving a medium depth peel, improving acne, acne scarring, sun damage, and aging skin.

Professional Peels

Isomer Peel

Isomer Peel System is a peel treatment and home care regimen designed to combat imperfections in the skin with convenience. This unique system is an advanced, complex blend of acids that reach the dermal layers to stimulate repair without noticeable irritation and a more manageable peeling process; accompanied by an after care system to accelerate healing, nourish, and promote skin health.

Alpha Jewel Peel

Alpha Jewel Peel is a 3-step peel treatment that is intended to remove the outermost layers of dead skin with the added bonus of Copper Peptides. This unique element leaves trace amounts of essential minerals that create large levels of antioxidants to help neutralize stressed skin. Copper Peptide is a micro-nutrient that improves your skin's appearance by increasing its cell turnover rate, diminishing the appearance of wrinkles, and tightening sagging skin. When the skin's cell turnover rate is improved, dull skin cells are removed and a more youthful-looking face is revealed.

A unique proprietary blend of anti-inflammatory plants found in the Post-Activation solution. Isomer Peel Professional System treats and improves multiple skin conditions and is safely used with all skin types.

Alpha Jewel Peel harnesses the natural power of copper peptides by targeting the length and the depth of a wrinkle. Our skin is equipped with unique self-repair and self-renewal mechanisms that can be activated at any age.

Treatment Enhancers

Peel Activator Solution

Peel Activator Solution helps to degrease the skin by removing the oily residue that surrounds each hair follicle. This de-fatting process creates an even peel penetration making a predictable outcome for optimal treatment results.

Lactic Enzyme Gel Peel

Lactic acid can be very effective for the skin. This treatment is easy to tolerate because of its large molecular weight. It is one of the best acid treatments used to address many concerns for many skin types. Lactic acid naturally activates the skin's water molecules.

Pure • A

Pure-A is designed to be layered with our specially formulated Lactic Acid Peel. This extra boost of vitamin A revitalizes sun-damaged skin and accelerates the cellular renewal process. Adding Pure-A to a series of peels will reduce the amount of daily Retin A usage. Three treatments of Pure-A may be equivalent to a year's use of Retin A. No burn and no downtime.

Azelaic Acid

Azelaic acid is used to treat mild-to-moderate acne. It works in part by stopping the growth of skin bacteria that can help cause acne. Azelaic acid also helps to lessen acne by keeping skin pores clear.

Melanin Suppressant

An energetic skin brightener that ClearChoice® suggests for all skin types with irregular skin clarity or concerns. This highly concentrated serum is suggested to be layered under our professional acids and enzyme peels. These active skin brighteners penetrate deep within the skin and act as a superior defense by stabilizing melanin production.

Melanin Suppressant Rx

An energetic skin brightener that ClearChoice® suggests for all skin types with discoloring concerns. This highly concentrated serum with 2% Hydroquinone is suggested to be layered under our professional acids and enzyme peels. These active skin brighteners penetrate deep within the skin and act as a superior defense by stabilizing melanin production.

Treatment Boosters

Stem Cell Blend

Stem Cell Blend's unique blend of Plant Stem Cells: Citrullus Lanatus (Watermelon) fruit extract, Buddleja Stems from lilac, Buddleja Davidii Meristem Cell, PhytoCellTec™ Malus Domestica - Swiss Apple Stem Cells, Gardenia Jasminoides Meristem Cell Culture, and yogurt extract. Provides skin immunity and re-balances stressed, damaged, sensitized skin cells. Stem Cell Blend helps generate and target skin defenses to protect the skin from inflammation.

Pure • C

Highly stable and potent vitamin C, and gentle and non-drying THD (Tetrahexyldecyl Ascorbate) provide greater penetration into Keratinocytes and greater collagen production than Ascorbic acid. Helps combat sun-induced skin damage, as well as improves skin texture and tone.

Corrective Masques

*The importance of treatment masques?
Hydration, deep pore cleansing, detoxification,
calming, relaxing, and leaves your skin radiant!*

Medicated Acne Masque

Medicated Acne Masque contains prescription-strength Benzoyl Peroxide that helps to reduce the severity of all levels of acne. Recommended for use with our Acne Peel.

Sensitive Peel Cream Masque

This sensitive exfoliating treatment is developed for dry, delicate, low tolerant, reactive skin types. Leaves skin glowing, radiant, and naturally hydrated.

Thermal TCA Brightening Masque

This unique treatment warms on contact with your skin to penetrate deep within the pores. Encourages cellular turnover and stimulates collagen for healthy, bright skin.

Lumi Enzyme Masque

Lumi Enzyme Masque gently purifies, soothes, & clarifies all skin types. This is the perfect therapy for acne, Rosacea, and skin brightening treatments. Contains fortified vitamins & antioxidants to replenish and protect the skin. Suggesting skin lighteners prior to treatment will intensify clarity to the skin.

Therapeutic Masques

Hydrating Masque

This soothing masque is infused with ingredients that nourish, rehydrate, repair, and firm all skin types, even sensitive skin. This combination treatment masque can be used as a night moisturizer to replenish thirsty skin and treat rosacea flare-ups. Try using this wonderful healing masque on swollen, tired eyes.

Cooling Masque

This ultra-gentle, gel-based masque is infused with Marine Botanicals that help support healing and repair to traumatized skin. It provides instant relief after microdermabrasion, chemical peels, laser procedures, and hair removal treatments.

Hydrating Eye Pads

Compliment any professional facial treatment with Hydrating Eye Pads. An anti-aging treatment designed to hydrate and revitalize even the most tired eyes.

Intense Therapy Masque

Intense Therapy Masque gives immediate nourishment to traumatized skin. Infused with natural ingredients and combined with 2% Hydrocortisone, Intense Therapy Masque gives necessary relief to traumatized skin and severely dry, chapped skin.

Arnica Recovery Gel

Arnica Recovery Gel accelerates wound healing and minimizes bruises and other traumatic injuries such as sprains and swelling. Reducing inflammation and decreasing pain, this therapeutic post-procedure gel provides topical relief. Studies show that Arnica Montana has properties that act as an immuno-stimulant and that it can stimulate the action of white blood cells, increasing resistance to bacterial infections.

Professional Peel Systems

ClearChoice® Peel Systems are a convenient way for the esthetic professional to experience a variety of different acids & comprehend the level of treatments needed to be successful.
