MAXIMUM ACTIVE DERMACEUTICALS

BASIC M.A.D PEEL PROTOCOLS

- Acne (Teens or Mild Acne)
- Brightening
- Delicate
- Anti-Aging
- Environmental Renewal
- Pumice Scrub Facial
- Glycolic Mask Facial

SUPPLIES NEEDED

- 3 to 4 Fan Brushes
- 3 Facial Towels
- 2 to 3 Bowls
- 4" X 4" Square Cotton Applicator
- Swabs

WHAT TO EXPECT

Client may experience a warm, tingling or a burning sting during the application. After application of peel, skin may appear white and frosted. Skin conditions during the peeling process may range from mild stinging, redness, mild crusting and light peeling. The skin can become very dry, tight and somewhat uncomfortable. Client may notice exasperation of acne after treatment. Results will vary with each client.

CONTRAINDICATIONS

- Use of Accutane 6 months prior to the Peel, during the treatment, and 6 months post peel.
- Prior or current use of Retin-A may increase sensitivity to the acids and intensify the treatment.
- Suspend use of Retin-A and/or Vitamin A topicals at least 2-6 weeks prior to treatments.
- Clients with a history of keloids or abnormal scarring should not be treated.
- All skin diseases (other than razor bumps, or acne) should not be treated. Viruses and infections, including but not limited to:
 - Active Herpes/Cold sores, inactive only if on oral RX prior and during treatment.
 - Eczema (inflamed or dormant)
- Waxing, depilatories or laser 2 weeks prior to the peel, and two weeks after the peel.
- Rosacea
- Allergy to aspirin, milk, Salicylic Acid, Lactic Acid and/or Resorcinol.
- Pregnant or lactating
- Smokers who cannot refrain from smoking for the first 8 days of treatment will have slower healing time

STEP
1

Appropriate Cleansing Options to be used with the Basic Peel choose one of the following. Mega Rich Antioxidant Cleansing Gel, Brightening Cleanser, Glycolic Age Diffusing Cleanser, Salicylic Cleansing Gel or Delicate Skin Cleansing Gel.

DIRECTIONS Dispense about 5mL amount and mix with tepid water, gently message in a circular motion until a lather has formed. Rinse with tepid water.

STEP
2

Appropriate Toner Options to be used with the Basic Peel – Glycolic Toner or Everyday Renewing Toner... This second step increases stubborn oil and dirt and dead skin removal for optimal peel penetration.

DIRECTIONS Dispense about 3 to 4 mL into a bowl. Brush on evenly. Do not let toner pool in eye area. Let air dry.

PRODUCTS AND SUPPLIES

- Choose appropriate Cleanser. Mega Rich Antioxidant Cleansing Gel, Brightening Cleanser, Glycolic Age Diffusing Cleanser, Salicylic Cleansing Gel or Delicate Skin Cleansing Gel
- Glycolic Toner / Everyday Renewing Toner
- Acne Peel
- Neutralizer Solution
- Serums, Masks, Moisturizers, Sunscreen

- Facial Towels
- Eye Protection
- 3-4 Fan Brushes
- Portion Cups
- Hand Held Fan

HOW OFTEN

Acne Peel can be done up to once every 2 weeks up to 6 treatments if needed.

CLIENT PREP

- If client has medium to severe acne they should pre treat using Salicylic Cleansing Gel for approximately 2 weeks.
- Have client complete and sign a consent form.
- Repeat contraindications before peel.
- Provide client eye and hair protection.

STEP
3

ACNE PEEL: Suitable for all Fitzpatrick's

Using a fan brush, quickly apply M.A.D Acne Peel in a thin layer. Avoid eye area. Wait approximately 3 minutes. Repeat applying no more than 6 layers.

STEP
4.1

With a dry 4x4 cotton square, pat the face to remove any excess acid. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

STEP
4.2

NEUTRALIZER SOLUTION PH 8.0 TO 9.0

Using cotton swab, quickly apply M.A.D. Neutralizer Solution to all areas where a peel has been applied

Contains:

Licorice Extract

Rosemary Extract

Oat-Derived Soothing Extracts

ACNE PEEL: Suitable for all Fitzpatricks

SKIN CONCERN Ideal for Oily / Combination Skin, Breakout Prone Skin and/or Irritated and Inflamed Skin Due to Acne.

pH 2.0-2.5

ACTION INGREDIENTS

- Lactic Acid - Derived from fermented milk, has been used in skincare for centuries as a source of skin smoothing and skin softening and also as a vehicle for exfoliation in higher concentrations.
- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Salicylic Acid - A beta-hydroxy acid derived from the willow bark tree which helps to decongest skin and reduce blemishes and black heads.

INGREDIENTS Water, Lactic Acid, Glycolic Acid, Glycerin, Alcohol, Propanediol, Polysorbate 20, Panthenol, Salix nigra (Willow) Bark Extract, Epilobium fleischeri Extract, Chamomilla recutita (Matricaria) Extract, Beta-Glucan, Salicylic Acid, Arginine, Sodium Carboxymethylcellulose, Disodium EDTA, Phenoxyethanol, Caprylyl Glycol

WARNINGS For external use only.

**YOUTH TRANSFORMATION EXFOLIATING SCRUB****PEEL:** Suitable for all Fitzpatricks**SKIN CONCERN** Ideal for dry, acneic, mature skin.**pH** 6.0-7.0**ACTION INGREDIENTS**

- Algae Extract - Marine-derived and rich in antioxidants and alginic acid, this extract helps to protect skin against free-radical scavengers and increase cell regeneration and synthesis of elastin.
- Arnica Extract - This botanical extract helps to soothe and renew skin and also helps protect the skin with its natural anti-bacterial and anti-inflammatory properties.
- Aloe Vera Extract - Often called the 'plant of immortality' aloe vera offers natural healing to inflamed and irritated skin while helping to replenish moisture to dry damaged skin and can help to improve skin's firmness.
- Lavender Oil - Aside from its fragrant bouquet, this soothing oil can help to soften skin and reduce redness. Its natural astringent properties are ideal to help close pores following aesthetic treatments.
- Tangerine Oil - This natural antiseptic with its calming aroma helps to soothe inflamed skin and maintain moisture balance and stimulate regeneration of cells.
- Camellia Sinensis Leaf Extract - A powerful antioxidant which helps to maintain skin balance and fight against age-inducing free radicals.
- Navajo Pumice - Naturally derived pumice that helps to gently exfoliate and re-texturize dull skin.

INGREDIENTS Water, Pumice, Glycerin, Emulsifying Wax NF, C12-15 Alkyl Benzoate, Hydrogenated Polyisobutene, Cetearyl Alcohol, Behentrimonium Methosulfate, Ethylhexylglycerin, Phenoxyethanol, Dimethicone, Squalane, Tocopherol, Algae Extract, Arnica Montana Flower Extract, Aloe Barbadensis Leaf Extract, Lavandula Angustifolia (Lavender) Oil, Citrus Tangerina (Tangerine) Oil, Camellia Sinensis Leaf Extract

YOUTH TRANSFORMATION GLYCOLIC MASK:

Suitable for all Fitzpatrick's

Apply Youth Transformation Glycolic mask to face and neck avoiding contact with eyes. Let sit 5 minutes. Rinse with tepid water. Glycolic Acid and botanicals work together to exfoliate dead skin cells leaving fresh new youthful skin. This mask will improve skin texture, hydrate, moisturize and keep it looking refreshed, nourished and healthy.

STEP
4

Remove the mask thoroughly with tepid water. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

**YOUTH TRANSFORMATION GLYCOLIC MASK****PROTOCOL:** Suitable for all Fitzpatrick's**SKIN CONCERN** Ideal for mature skin, fine lines and wrinkles, sun damaged skin and/ or rough uneven skin**pH** 2.5 - 3.5**ACTION INGREDIENTS**

- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Apricot Seed Oil - Sought for its high vitamin E content and rich in vitamin A, this mild oil is known for its ability to soften and heal skin and offers moisturization to premature and aging skin.
- Black Currant Seed Oil - Rich in fatty acids, this natural oil helps to maintain healthy skin and reduce the effects of dry damaged skin offering a more youthful glow.
- Elderberry Seed Oil - Known for its moisturizing properties and rich in essential fatty acids, this natural oil helps to enhance and improve the appearance of dry under nourished skin and helps to improve skin barrier function, hydration and skin elasticity.
- Lavandox-Derived from the lavender flower, Lavandox is made of selected molecules of Spanish lavender oil (*Lavandula stoechas*).
- ProdeW 400- With its excellent retaining ability, ProdeW 400 is comprised of 8 types of amino acids as well as sodium PCA and lactic acid.

INGREDIENTS Water, Glycolic Acid, Kaolin, Caprylic/ Capric Triglyceride, Titanium Dioxide, Cetyl Alcohol, Beeswax, Glyceryl Stearate, *Persea gratissima* (Avocado) Oil, *Prunus amygdalus dulcis* Oil, PEG 40 Stearate, Glycerin, Propanediol, PEG 100 Stearate, Magnesium Aluminum Silicate, Buriti (*Mauritia vinifera*) Fruit Oil, Dimethicone, *runus Armeniaca* (Apricot) Kernel Oil, *Fragaria ananassa* (Strawberry) Seed Oil, *Ribes nigrum* (Black Current) Seed Oil, *Sambucus nigra* (Elderberry) Seed Oil, Sodium PCA, Betaine, Sorbitol, Glycine, Alanine, Proline, Serine, Threonine, Arginine, Lysine, Glutamic Acid, *Lavandula Stoechas* Extract, Jojoba Wax PEG-120 Esters, *Citrus tangerina* (Tangerine) Oil, *Rosmarinus officinalis* (Rosemary) Oil, Dipotassium Glycyrrhizate, Tocopheryl Acetate, Arginine, Sodium Citrate, Sodium Hydroxide, Xanthan Gum, Di- sodium EDTA, Phenoxyethanol, Caprylyl Glycol, Fragrance

WARNINGS For external use only. Avoid contact with eyes. If irritation or rash develops discontinue use and rinse with water. If irritation persists consult a physician. If swallowed get medical help or contact a poison control center immediately. Keep out of reach of children.

STEP

5

DELICATE SKIN CALMING GEL MASK WITH BOOSTER

Dispense about 5 to 7g of gel mask and apply with a brush all over face liberally, avoid contact with eyes. Let sit for 3 to 5 minutes and rinse with tepid water. Pat skin dry. Your face will feel soothed, calmed and refreshed.

BENEFITS

- Botanical rich complex.
- Minimizes & prevents redness and irritation.
- Hydrates and Refreshes.
- Paraben-Free.

ACTION INGREDIENTS

- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.

STEP 6

TREATMENT MASKS

Treatment Masks can be combined for a broader range of active utilization targeting multiple skin concerns. Dispense 3 to 4 Drops of the Booster Serum and put all over face and gently spread. Dispense 5 to 7g of Mask into portion bowl. With a fan brush spread evenly all over face. Let sit 5 to 15 minutes. Rinse with water.

— RADIANT BRIGHTENING MASK

BENEFITS

- Botanically Enriched to brighten dull tired skin

ACTION INGREDIENTS

- BVOS-C — A stable, oil soluble form of Vitamin C, offers UV-protection, skin whitening, and anti-aging benefits.
- Stay-C® 50 — Helping to lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — A water soluble and highly stable form of Vitamin C
- Emblica — An herbal antioxidant, one of the highest concentrations of Vitamin C.

— ENVIRONMENTAL DETOX MASK

BENEFITS

- Detoxifies / Protects skin cells against environmental factors / Destresses

ACTION INGREDIENTS

- CELLETOX® — Reinforces the cell detoxification process.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.

— SPOT ON ZINC AND SULFUR MASK

BENEFITS

- Dries excess oil / Minimizes imperfections / Enriched with skin soothers

ACTION INGREDIENTS

- Alp Sebum — Produced from the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.

— JENASUS GROWTH FACTOR MASK

BENEFITS

- Rapid treatment for the appearance of lines and wrinkle / increases skin's own collagen & elastin levels and reduce blotchiness / Refines skin texture to recapture tight contours to the cheeks and neck area

ACTION INGREDIENTS

- EGF at 3% — EGF can help skin stem cells to absorb nutrients, speed cell metabolism, accelerate skin cell division and growth, and stimulate the synthesis of hyaluronic acid and glycoproteins.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.

STEP 7

SERUMS

The serum step is an excellent opportunity to cross protocol and deliver multiple benefits. In this step we can address skin irritation, hyper-pigmentation, environmental and healthy cell stimulation, acne control and even anti aging. Dispense 3 to 4mL of desired serum. Put all over face then spread evenly.

— BLEMISH REPELLING GEL

BENEFITS

- Light weight and non-drying / Minimizes appearance of pores / Enriched with Green Tea, Aloe Vera, Licorice and Epilobium Fleischeri Extract.

ACTION INGREDIENTS

- Benzoyl Peroxide 5% — This tried and true antibacterial, anti-acneic ingredient helps to unclog pores and control oil and hinder further breakouts.
- Alp Sebum — From the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.

— WRINKLE REPELLENT ENVIRONMENTAL PROTECTION SERUM

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Protects against UV induced repair / Helps reinforce cellular repair

ACTION INGREDIENTS

- CELLDETOX® — CELLDETOX® reinforces the cell detoxification process.
- Oxygeskin® — Oxygeskin® restores the capacities of the cells to respond to the hypoxic stress and helps the intracellular diffusion of oxygen.
- Shield Bact Peptide — Shield Bact Peptide mimics and enhances the natural antimicrobial properties of the skin.
- Lavadox — Lavadox is made of selected molecules of Spanish lavender oil (Lavandula stoechas). Results for application of 1.0% Lavadox showed approximately 11% reduction in wrinkles after 24 hours and 13% reduction after 7 days. In Vivo testing shows wrinkle reduction in 24 hours.
- Bisabolol — A derivative of M. chamomilla (German Chamomile), Bisabolol is a naturally occurring active ingredient that accelerates the healing process of skin. Also known to have anti-irritant, anti-inflammatory and anti-microbial properties.

— SPOT ON TARGETED SKIN BRIGHTENING SERUM

BENEFITS

- Holistic skin lighteners work to even skin tone / Brightens skin

ACTION INGREDIENTS

- Emblica Fruit Extract — Provides skin with excellent brightening properties and helps minimize the appearance of skin discoloration, giving the skin a more luminous and healthy glow.
- Multi Vitamin C Complex — This combination of stable Vitamin C helps to brighten and add luminosity to dull tired skin.
- Blueberry Fruit Extract — An excellent source of antioxidants, blueberry extract has been used for centuries to achieve optimum skin luminosity and to revitalize dull skin and hasten healing.
- BVOS-C — A stable, oil soluble form of Vitamin C, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis.

STEP
7
CONTINUED

- Stay-C® 50 — Lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — Water soluble and highly stable form of Vitamin C for its skin brightening benefits and can help even out skin tone, stimulate collagen production, and diminish fine lines and wrinkles.
- β-White™ — β-White™ is an innovative TGF-β biomimetic encapsulated whitening peptide and serves as a key ingredient to a safe, progressive and efficient lightening effect. Upon clinical evaluation of skin color, results showed a 30% brightening effect in under 2 months.
- Lumiskin™ — Gives dramatic results in controlling melanin, the pigment that makes skin darker.

— REDNESS RESCUE

BENEFITS

- Calms redness / Protects and soothes irritated skin / Hydrates, nourishes & destresses skin

ACTION INGREDIENTS

- Water Lilly Extract — An aquatic flower, this extract is known for calming and helps to hydrate and soothe irritated skin.
- Soothing Peptide Complex — This blend of powerful peptides offers unparalleled skin rejuvenation benefits and aids in tissue regeneration.
- Oat Derived Extract — Known for its skin soothing benefits, oat is also known for its natural moisturizing and skin conditioning properties.
- Hyaluronic Acid — A major component of the skin, it is an excellent source of hydration and also helps to repair damaged skin tissue.
- Sepicalm™ VG — Sepicalm™ VG is a unique union between palmitoylproline and water lily flower extract created to calm and soothe irritated and stressed skin.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Hyaluronic Acid — A complex carbohydrate, hyaluronic acids fastens onto collagen and elastin fibers and helps carry out vital skin function.

— YOUTH TRANSFORMATION AGE CORRECTIVE SERUM

BENEFITS

- Combats chronological aging / Protects against UV damage / Boosts epidermal regeneration & improves the skin barrier function

ACTION INGREDIENTS

- Multi Peptide Anti-Aging Complex — Offering excellent skin rejuvenating benefits and skin regeneration.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Unirepair T-43 — This potent bioactive complex of the amino acids; Acetyl Tyrosine, Proline, and Adenosine TriPhosphate helps to counteract environmental skin damage and help protect against UV radiation.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.

STEP
8

MOISTURIZERS

The moisturizer step is an excellent opportunity to cross protocol and deliver multiple benefits. In this step we can deliver a second layer of intensive active ingredients on top of the serum to address skin irritation, hyper-pigmentation, environmental and healthy cell stimulation, acne control and even anti aging. Dispense 4 to 5g of desired moisturizer. Spread evenly all over face.

— BREAKOUT CONTROL DAILY MOISTURIZER

BENEFITS

- Moisturizes without clogging pores / Controls oil production

ACTION INGREDIENTS

- Tea Tree Oil — A naturally occurring essential oil which helps to fight and control bacteria.
- Peppermint Oil — A natural skin soother which helps to tame reddened and irritated skin.
- Ginger Root Extract — Nature's own circulation booster which helps to heal and clarify skin.
- Witch Hazel — Nature's astringent which helps to minimize pores and refine skin without irritation.
- Alp Sebum — From the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.

— DELICATE DAILY MOISTURIZER

BENEFITS

- Calms, protects, and soothes irritated skin / Hydrates, nourishes and destresses skin / Smooths and soothes skin

ACTION INGREDIENTS

- Aloe & Chamomile — Nature's own soothers which help to calm and distress irritated skin.
- Licorice Extract — This herbal extract serves as a natural remedy for red, irritated and sensitive skin.
- ProdeW 400 — With its excellent retaining ability, ProdeW 400 is comprised of 8 types of amino acids as well as sodium PCA and lactic acid. In combination, this blend helps to protect the skin from dryness, it aids in moisturizing the skin and promoting elasticity.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Hyaluronic Acid — A complex carbohydrate, hyaluronic acids fastens onto collagen and elastin fibers and helps carry out vital skin function. It allows cells to preserve water and helps to restore skin texture and resiliency.

— DAYTIME DEFENSE SHIELDING MOISTURIZER

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Protects against UV induced stress / Helps reinforce cellular repair

ACTION INGREDIENTS

- Cellular Enhancing Isoflavones — These organic compounds help to reduce the breakdown of collagen and prevent fats in the skin from forming aggressive compounds.
- Cell Detoxifiers — A blend of natural extracts including cranberry, apple and phellodendron which help to rid the skin of damaging toxins and help to combat environmental and emotional stress.
- CELLDETOX® — CELLDETOX® reinforces the cell detoxification process: it reduces the level of oxidized proteins and peroxidized lipids.
- Oxygeskin® — Oxygeskin® restores the capacities of the cells to respond to the hypoxic stress and helps the intracellular diffusion of oxygen.

STEP
8
CONTINUED

- Shield Bact Peptide — A Cationic Host Defense Hexapeptide (CHDPs) with broad spectrum antimicrobial activity to mimic and enhance the natural antimicrobial properties of the skin.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.

— ILLUMINATING DAILY MOISTURIZER

BENEFITS

- Minimizes uneven skin tone / Brightens / Moisturizes and hydrates

ACTION INGREDIENTS

- Emblica Fruit Extract — Provides skin with excellent brightening properties and helps minimize the appearance of skin discoloration, giving the skin a more luminous and healthy glow.
- Multi Vitamin C Complex — This combination of stable Vitamin C helps to brighten and add luminosity to dull tired skin.
- BVOS-C — A stable, oil soluble form of Vitamin C, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis.
- Stay-C® 50 — Lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — Highly stable form of Vitamin C for its skin brightening benefits and can help even out skin tone, stimulate collagen production, and diminish fine lines and wrinkles.
- β-White™ — β-White™ is an innovative TGF-β biomimetic encapsulated whitening peptide and serves as a key ingredient to a safe, progressive and efficient lightening effect. Upon clinical evaluation of skin color, results showed a 30% brightening effect in under 2 months.
- Niacinamide — Niacinamide increases the keratin synthesis, increases the skin's production of ceramides and stimulates epidermal proteins to give the skin a natural healthy glow.
- Nano LDP's Lightening — The LPD's Lightening work to stimulate collagen synthesis and protect the skin against phototoxicity allowing your skin to appear brighter.

— TRANSFORMING DAILY MOISTURIZER

BENEFITS

- Combats chronological aging / Protects against UV damage / Boosts epidermal regeneration / Improves the skin barrier function.

ACTION INGREDIENTS

- Grape Fruit Stem Cell Extract — High in antioxidants, helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Tetrapeptide-7 — Essential for healing, this peptide significantly reduces skin's inflammatory responses and minimizes swelling and irritation of dry inflamed skin.
- Oligopeptide — A hyaluronic acid booster, this peptide helps to stimulate synthesis of collagen and help rebuild the skin's matrix offerings kin texture that is more refines, firmed and toned.
- Unirepair T-43 — Potent bioactive complex of the amino acids; Acetyl Tyrosine, Proline, and Adenosine TriPhosphate helps to counteract environmental skin damage and help protect against UV radiation.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair. They activate the neo-synthesis extracellular matrix macromolecules thereby providing Matrixyl® 3000 with a visible anti-wrinkle efficacy.
- PhytoCellTec™ Malus Domestica — A cell proliferation enhancer, studies have shown this extract to target specific genes involved in the delay of senescence of dermal fibroblasts. Protection against oxidative stress and repair of DNA are upregulated by Malus Domesitca Stem Cell Extract. Two daily applications of the test cream containing 2% PhytoCellTec™ Malus Domestica over 28 days resulted in a significant decrease in wrinkle depth in all of the volunteers tested.

STEP
9

EYES

Protect the eyes and give them the support and nourishment they need. Dispense a bb size amount onto 4th finger. Tap gently under eye and around orbital bone. Gently pull away from eye to disperse, tap lightly till dry.

— EYE TRANSFORMATION SERUM

BENEFITS

- Combats chronological aging / Protects against UV damage.

ACTION INGREDIENTS

- Multi Peptide Anti-Aging Complex — Offering excellent skin rejuvenating benefits and skin regeneration.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — This nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair.
- Haloxyll® — Reinforcing firmness and tone of the eye area.
- Eyeliss® — A combination of 3 active molecules : hesperidin methyl chalcones, dipeptide VW and lipo peptide Pal-GQPBR. Eyeliss is a global treatment for puffy eyes based on the association of these 3 actives that target specific physiological deficiencies.

— EYE DEFENSE SHIELDING SERUM

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Helps reinforce cellular repair

ACTION INGREDIENTS

- Pollution Defense Peptide — Enhances the function of skin to help eliminate toxins and minimize damaging effects of physical and emotional stress. It also guards against free radical damage.
- Cellular Enhancing Isoflavones — These organic compounds help to reduce the breakdown of collagen and prevent fats in the skin from forming aggressive compounds. Also helps to improve skin breakdown due to environmental stress.
- Cell Detoxifiers — A blend of natural extracts including cranberry, apple and phellodendron which help to rid the skin of damaging toxins and help to combat environmental and emotional stress.
- Oxygen Boosters — Help to enhance and improve skin circulation and boost immunity for overall cellular health.
- SYN®-COLL — SYN®-COLL is an innovative wrinkle smoothing complex that comprises boosting of collagen production as well as providing collagen protection from degrading enzymes.

— PHOTO GUARD SPF 20 ANTI AGING EYE CREAM

BENEFITS

- Lightweight formula rich in a combination of anti-aging ingredients and SPF for ultimate skin benefits and protection against UVA/UVB exposure / Helps to repair existing sun damage and prevent future signs of photo-aging

ACTION INGREDIENTS

- Manoliva — A bioactive complex that helps protect skin from UV induced oxidation.
- Symglucan — Derived from oat it helps to moisturize and hydrate and reduce visible signs of aging offering excellent protection from environmental stressors
- Uniprotect 3 — A unique ingredient assists with helping to repair skin affected by existing sun damage and helps to prevent further damage caused by harmful rays of the sun.
- Heliogard 365 — This algae offers natural UVA screening to help protect against photo aging.
- Edelweiss Extract —This combination of citrus bioflavonoids helps to neutralize free radical scavengers.

STEP 10

A MUST STEP TO PROTECT THE NEW SKIN: SOLAR PROTECTION

— ON GUARD SKINSCREEN SPF 30

BENEFITS

- Light weight / Hydrates / Enriched with TriniTea Complex, Cranberry, Apple / Phellodendron and Astragalus Extracts.

ACTION INGREDIENTS

- Titanium Dioxide: 7.5% — A naturally occurring oxide which serves as a physical barrier to reflect sun away from the skin and aids in protecting skin from the sun's harmful rays without the irritation of chemical sunscreens.
- Zinc Oxide: 7.5 % — Light and natural, this physical sunscreen acts as a "mineral filter" to help protect skin against sunburn and harmful UVA/UVB rays.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.
- TriniTea Complex — A blend of white, red, and green tea which bathes the skin in rich antioxidants. This combination offers excellent antioxidant benefits to the body and skin.

— ON GUARD TINTED SUNSCREEN SPF 30

BENEFITS

- Light weight / Amino Acid Complex to repair UV-induced DNA Damage / Wrinkle smoothing action / Tinted for perfect coverage / Physical UVA/UVB Sun Protection / Multi Peptide and Ceramide Complex / Stabilized Vitamin C

ACTION INGREDIENTS

- Titanium Dioxide 10% — A naturally occurring oxide which serves as a physical barrier to reflect sun away from the skin and aids in protecting skin from the sun's harmful rays without the irritation of chemical sunscreens.
- Zinc Oxide 6% — Light and natural, this physical sunscreen acts as a "mineral filter" to help protect skin against sunburn and harmful UVA/UVB rays.
- BVOS-C — A stabile, oil soluble form of Vitamin C, called Tetrahexyldecyl Ascorbate, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis. It also offers excellent antioxidant benefits and the ability to penetrate into the epidermis and cells makes BVOS-C very bio-available.
- Dermaxyl® — A patented form of Palmitoyl Oligopeptide, this anti wrinkle ingredient also has benefits as a skin rehydrating and skin smoothing agent. It can help soften fine line and wrinkles and give skin a more refreshed appearance and a healthier and more balanced look.

— HYPER SHEER DAILY MOISTURIZER SPF 50

BENEFITS

- Antioxidant formula promotes cellular repair and function / Aids against environmental stress / Protects against UV induced stress and provides excellent SPF 50 protection / Hyper-sheer formula offers SPF 50 protection, antioxidant blend and a hint of moisture.

ACTION INGREDIENTS

- Zinc Oxide 9%
- Octylmethoxycinnamate 7.5%
- BVOS-C — A stabile, oil soluble form of Vitamin C, called Tetrahexyldecyl Ascorbate, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis. It also offers excellent antioxidant benefits and the ability to penetrate into the epidermis and cells makes BVOS-C very bio-available.
- Oxyxyn K — Rich in ascorbic acid, ascorbylpalmitate and tocopherol, it offers maximum anti-oxidant protection against free radical damage and helps combat the visible signs of aging while restoring natural radiance to intoxicated and tired skin. It helps to detoxify skin and rid the skin of impurities.

STEP
10
CONTINUED

- Passion Fruit Extract — This excellent natural skin repair extract is rich in Vitamin A and Vitamin C and carotenes which help protect against oxidative and free-radical damage. It can help promote skin repair and repair damage done to the skin resulting from environmental stress. It can calm and soothe inflamed skin and help prevent signs of premature aging.
- Watercress Extract — Because of its natural ability to fight bacteria it serves as powerful protector against everyday biopollutants. Abundant in pantothenic Acid, vitamins A,C& E, it offers skin repair for inflamed and irritated skin and can help detoxify and maintain healthy skin. It is also rich in Vitamin k which helps maintain healthy connective tissue and cellular function.

— HYPER SHEER MATTE FINISH DAILY MOISTURIZER SPF 50

BENEFITS

- Antioxidant formula promotes cellular repair and function in a matte-finish / Aids against environmental stress / Protects against UV induced stress and provides excellent SPF 50 protection / Matte-finish can be worn under make-up or alone

ACTION INGREDIENTS

- Zinc Oxide 9%
- Octylmethoxycinnamate 7.5%
- Oxyxyn K — Rich in ascorbic acid, ascorbyl palmitate and tocopherol, it offers maximum anti-oxidant protection against free radical damage and helps combat the visible signs of aging while restoring natural radiance to intoxicated and tired skin. It helps to detoxify skin and rid the skin of impurities.
- Passion Fruit Extract — This excellent natural skin repair extract is rich in Vitamin A and Vitamin C and carotenes which help protect against oxidative and free-radical damage. It can help promote skin repair and repair damage done to the skin resulting from environmental stress. It can calm and soothe inflamed skin and help prevent signs of premature aging.
- Watercress Extract — Because of its natural ability to fight bacteria it serves as powerful protector against everyday biopollutants. M.A.D
S K I N C A R E
MAXIMUM ACTIVE DERMACEUTICALS

ADVANCED M.A.D PEEL PROTOCOLS

- Advanced Acne Peel
- Multi C Retinol Peel
- Glycolic 40% Peel
- Jessner’s Peel
- Non Resorcinol Peel
- Jenasus Growth Factor Peel
- Dual Action Pumpkin Enzyme Mask

SUPPLIES NEEDED

- 3 to 4 Fan Brushes
- 3 Facial Towels
- 2 to 3 Bowls
- 4" X 4" Square Cotton Applicator
- Swabs

WHAT TO EXPECT

Client may experience a warm, tingling or a burning sting during the application. Client may take Ibuprofen prior to treatment to help relieve any discomfort. After application of peel, skin may appear white and frosted. This will subside in a few hours. During the next few days the skin will appear red and progressively deepen to a tan/brown color. Skin conditions during the peeling process may range from mild stinging, mild swelling and redness, mild crusting and finally peeling. The skin can become very dry, tight and somewhat uncomfortable. Client may notice exasperation of acne after treatment. Results will vary with each client.

CONTRAINDICATIONS

- Use of Accutane 6 months prior to the Peel, during the treatment, and 6 months post peel.
- Prior or current use of Retin-A may increase sensitivity to the acids and intensify the treatment.
- Suspend use of Retin-A and/or Vitamin A topicals at least 2-6 weeks prior to treatments.
- Clients with a history of keloids or abnormal scarring should not be treated.
- All skin diseases (other than razor bumps, or acne) should not be treated. Viruses and infections, including but not limited to:
 - Active Herpes/Cold sores, inactive only if on oral RX prior and during treatment.
 - Eczema (inflamed or dormant)
- Waxing, depilatories or laser 2 weeks prior to the peel, and two weeks after the peel.
- Rosacea
- Allergy to aspirin, milk, Salicylic Acid, Lactic Acid and/or Resorcinol.
- Pregnant or lactating
- Smokers who cannot refrain from smoking for the first 8 days of treatment will have slower healing time

STEP

1

Appropriate Cleansing Options to be used with the Advanced Acne Peel - Glycolic Cleanser, Salicylic Cleanser... AHA and BHA acids will thoroughly cleanse the skin for the peel to have deeper penetration.

DIRECTIONS Dispense about 5mL amount and mix with tepid water, gently message in a circular motion until a lather has formed. Rinse with tepid water.

STEP

2

Appropriate Toner Options to be used with the Advanced Acne Peel - Glycolic Toner or Everyday Renewing Toner... This second step increases stubborn oil and dirt and dead skin removal for optimal peel penetration.

DIRECTIONS Dispense about 3 to 4 mL into a bowl. Brush on evenly. Do not let toner pool in eye area. Let air dry.

PRODUCTS AND SUPPLIES

- Salicylic Cleansing Gel
- Glycolic Toner / Everyday Renewing Toner
- Advanced Acne Peel
- Neutralizer Solution
- Serums, Masks, Moisturizers, Sunscreen

- Facial Towels
- Eye Protection
- 3-4 Fan Brushes
- Portion Cups
- Hand Held Fan

HOW OFTEN

Advanced Acne Peel can be done up to once a month for 3 months

CLIENT PREP

- If client has medium to severe acne they should pre treat using Salicylic Cleansing Gel for approximately 2 weeks.
- Have client complete and sign a consent form.
- Repeat contraindications before peel.
- Provide client eye and hair protection.

STEP
3

ADVANCED ACNE PEEL: Suitable for all Fitzpatrick's

A higher concentration of acids to deal with stubborn acne conditions. Ideal for Oily / Combination skin, breakout prone skin and/or irritated and inflamed skin due to acne. Using a fan brush, quickly apply approximately 2-3 mL M.A.D Advanced Acne Peel in a thin layer over affected area. Avoid eye area. Wait approximately 1 minute. Repeat layering the Advanced Acne Peel in 1 minute intervals for up to 6-7 layers.

FOLLOW UP TREATMENTS: Can be in 30-45 Days depending on severity of Acne. No More Than a Total of 3 Treatments.

STEP
4.1

With a dry 4x4 cotton square, pat the face to remove any excess acid. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

STEP
4.2

NEUTRALIZER SOLUTION PH 8.0 TO 9.0

Using cotton swab, quickly apply M.A.D. Neutralizer Solution to all areas were a peel has been applied

Contains:

Licorice Extract

Rosemary Extract

Oat-Derived Soothing Extracts

ADVANCED ACNE PEEL: Suitable for all Fitzpatrick's

SKIN CONCERN Ideal for Oily / Combination Skin, Breakout Prone Skin and/or Irritated and Inflamed Skin Due to Acne.

pH 2.0-2.5

ACTION INGREDIENTS

- Lactic Acid - Derived from fermented milk, has been used in skincare for centuries as a source of skin smoothing and skin softening and also as a vehicle for exfoliation in higher concentrations.
- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Salicylic Acid - A beta-hydroxy acid derived from the willow bark tree which helps to decongest skin and reduce blemishes and black heads.

INGREDIENTS Water, Lactic Acid, Glycolic Acid, Glycerin, Alcohol, Propanediol, Polysorbate 20, Panthenol, Salix nigra (Willow) Bark Extract, Epilobium fleischeri Extract, Chamomilla recutita (Matricaria) Extract, Beta-Glucan, Salicylic Acid, Arginine, Sodium Carboxymethylcellulose, Disodium EDTA, Phenoxyethanol, Caprylyl Glycol

WARNINGS For external use only.

- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Curcuma Longa (Turmeric) Root Extract - Curcumin, this active component provides protection and healing benefits to the skin.

INGREDIENTS Water (Aqua), Glycolic Acid, Sodium PCA, Carboxymethyl Cellulose, Hyaluronic Acid, Butylene Glycol, Pentylene Glycol, Hydroxyphenyl Propamidobenzoic Acid, Glycerin, Sorbitol, Lecithin, Alcohol Denatured, Xanthan Gum, Oleic Acid, Curcuma Longa (Turmeric) Root Extract, Polysorbate-20, PEG-40 Hydrogenated Castor Oil, Trideceth-9, Ethylhexylglycerin, Phenoxyethanol, Sodium Hydroxide

DOWNTIME Mild, depending on how many layers are applied and the tolerance level of the client's skin.

WARNINGS For external use only. Avoid contact with eyes. If irritation or rash or rash develops discontinue use and rinse with water. If irritation persists consult a physician. If swallowed get medical help or contact a poison control center immediately. Keep out of reach of children. Do not over exfoliate use this no more than twice weekly.

STEP
3

JESSNER'S PEEL: Suitable for Fitzpatrick I, II, III

The Jessners Peel is generally considered a medium level peel containing (Salicylic, Lactic, and Resorcinol.) The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. Using a fan brush, quickly apply approximately 2-3 mL Jessners Peel in a thin layer over affected area. Avoid eye area. Wait approximately 1 minute. Repeat layering the Jessners Peel in 1 minute intervals for up to 6-7 layers.

STEP
4.1

With a dry 4x4 cotton square, pat the face to remove any excess acid. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

STEP
4.2

NEUTRALIZER SOLUTION PH 8.0 TO 9.0

Using cotton swab, quickly apply M.A.D. Neutralizer Solution to all areas were a peel has been applied

- Contains:
- Licorice Extract
- Rosemary Extract
- Oat-Derived Soothing Extracts

JESSNER'S PEEL: Suitable for Fitzpatrick's I, II, III

SKIN CONCERN Jessner Peel is suitable for most skin types particularly normal to oily, acneic, and sun damaged. Sensitive and dry skin types should consult with a skin care professional to determine if the Jessner peel is an appropriate choice for them.

pH 3.0

BENEFITS Improved skin tone, texture and clarity. A reduction of acne, clogged pores, shallow wrinkles, and fine lines. Increase in collagen and elastin production. Our Medical Peels are all infused with Curcumin. Uses for curcumin, the primary active component in Turmeric, are numerous and include providing protection and healing benefits to the skin. The skin is the first line of defense for the body against the external environment. Since the skin is a tissue which is rich in lipids (fatty acids), neutralizing free radicals, reducing UV damage and modulating abnormal cellular growth is essential in slowing down the aging process. Some human studies and several animal studies have already validated its efficacy for many skin benefiting uses.

INGREDIENTS Ethyl Alcohol, SD Alcohol 40-B, Resorcinol, Salicylic Acid, Lactic Acid, Water (Aqua), Butylene Glycol, Pentylene Glycol, Hydroxyphenyl Propamidobenzoic Acid, Glycerin, Sorbitol, Lecithin, Alcohol Denatured, Xanthan Gum, Oleic Acid, Curcuma Longa (Turmeric) Root Extract, Sodium Hydroxide

DOWNTIME Mild to Moderate depending on how many layers are applied and the tolerance level of the client's skin.

WARNINGS For external use only. Avoid contact with eyes. If irritation or rash or rash develops discontinue use and rinse with water. If irritation persists consult a physician. If swallowed get medical help or contact a poison control center immediately. Keep out of reach of children. Do not over exfoliate use this no more than twice weekly.

Do Not use if:

- You are currently taking Accutane or have done so within the past twelve months;
- You are pregnant or nursing;
- You have a tendency to form keloid scars.
- You have a sexually transmitted disease such as herpes, HIV/AIDS, or a similar condition;
- You are undergoing cancer treatments, including chemotherapy and/or radiation;
- If you are not willing to follow the post peel regime and use a sunscreen of SPF30 or higher every day until the peeling process has ended .
- You have been treated with a hair-removal system in the past two days

If you have any other questions, you might wish to consult with your health care professional who is knowledgeable in the area of skin and skin peels before proceeding. If taking medications, please consult your doctor or pharmacist before having a peel, especially if the prescription is for skin conditions.

PRODUCTS AND SUPPLIES

- Salicylic Cleansing Gel
- Glycolic Toner / Everyday Renewing Toner
- Non Resorcinol Peel
- Neutralizer Solution
- Serums, Masks, Moisturizers, Sunscreen

- Facial Towels
- Eye Protection
- 3-4 Fan Brushes
- Portion Cups
- Hand Held Fan

HOW OFTEN

Non Resorcinol Peel can be done up to once a month for 3 months

CLIENT PREP

- If client has medium to severe acne they should pre treat using Salicylic Cleansing Gel for approximately 2 weeks.
- Have client complete and sign a consent form.
- Repeat contraindications before peel.
- Provide client eye and hair protection.

Then with a a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

STEP
4.2

NEUTRALIZER SOLUTION PH 8.0 TO 9.0

Using cotton swab, quickly apply M.A.D. Neutralizer Solution to all areas were a peel has been applied

Contains:

Licorice Extract

Rosemary Extract

Oat-Derived Soothing Extracts

NON-RESORCINOL PEEL: Suitable for all Fitzpatricks

SKIN CONCERN Non Resorcinol Peel is suitable for most skin types particularly normal to oily, acneic, and sun damaged. Sensitive and dry skin types should consult with a skin care professional to determine if the Non Resorcinol Peel is an appropriate choice for them.

pH 2.25 - 2.75

ACTION INGREDIENTS

- Salicylic Acid - A beta-hydroxy acid derived from the willow bark tree which helps to decongest skin and reduce blemishes and black heads.
- Lactic Acid - Derived from fermented milk, has been used in skincare for centuries as a source of skin smoothing and skin softening and also as a vehicle for exfoliation in higher concentrations.
- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Curcuma Longa (Turmeric) Root Extract - Curcumin, this active component provides protection and healing benefits to the skin.

INGREDIENTS Ethyl Alcohol, Lactic Acid, Water (Aqua), Salicylic Acid, Glycolic Acid, Butylene Glycol, Pentylene Glycol, Hydroxyphenyl Propamidobenzoic Acid, Glycerin, Sorbitol, Lecithin, Alcohol Denatured, Xanthan Gum, Oleic Acid, Curcuma Longa (Turmeric) Root Extract

DOWNTIME Mild to Moderate depending on how many layers are applied and the tolerance level of the client's skin.

WARNINGS For external use only. Avoid contact with eyes. If irritation or rash or rash develops discontinue use and rinse with water. If irritation persists consult a physician. If swallowed get medical help or contact a poison control center immediately. Keep out of reach of children. Do not over exfoliate use this no more than twice weekly.

STEP
3

JENASUS GROWTH FACTOR PEEL: Suitable for all Fitzpatrick's

The Jenasus Growth Factor Peel is generally considered a medium level peel containing Multi Fruit Acid, Lactic Acid and Glycolic Acid. The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. It is recommended that new users begin with 1-3 layers for a light/medium peel. Generally 4-6 layers will result in a visible improvement to skin tone, fine lines and wrinkles.

STEP
4.1

With a dry 4x4 cotton square, pat the face to remove any excess acid. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

Rosemary Extract

Oat-Derived Soothing Extracts

JENASUS GROWTH FACTOR PEEL:

Suitable for all Fitzpatrick's

SKIN CONCERN JENASUS Growth Factor Peel is suitable for most skin types particularly mature dry, and sun damaged skin. Sensitive skin types should consult with a skin care professional to determine if the JENASUS Growth Factor Peel is an appropriate choice for them.

pH 2.25 - 2.75

ACTION INGREDIENTS

- Apple Fruit Stem Cell Extract - This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells. Derived from the Malus Domestica (apple), it can aid in cell proliferation and encourage tissue regeneration.
- Grape Fruit Stem Cell Extract - High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye. Derived from the Solar Vitis (red grape), it can offer excellent protection against UV-stress and damage occurring from sun exposure.
- Alp Rose Stem Cell Extract - Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Multi Fruit Acids- A potent combination of naturally occurring fruit acids which help to gently exfoliate cells and rejuvenate dull tired skin.
- Lactic Acid - Derived from fermented milk, has been used in skincare for centuries as a source of skin smoothing and skin softening and also as a vehicle for exfoliation in higher concentrations.
- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Curcuma Longa (Turmeric) Root Extract - Curcumin, this active component provides protection and healing benefits to the skin.

INGREDIENTS Water(Aqua), Saccharum Officinalis (Sugar Cane) Extract, Citrus Medica Limonum (Lemon) Extract, Citrus Aurantium Dulcis (Orange) Extract, Pyrus Malus (Apple) Extract Camellia Sinensis Leaf Extract, Lactic Acid, Glycolic Acid, Butylene Glycol, Glycine Soja (Soybean) Germ Extract, Triticum Vulgare (Wheat) Germ Extract, Carboxymethyl Cellulose, Sodium PCA, Sodium Hyaluronate, Curcuma Longa (Turmeric) Root Extract, Rhododendron Ferrugineum Leaf Cell Culture Extract, Malus Domestica Fruit Cell Culture Extract, Glycerin, Sorbitol, Vitis Vinifera (Grape) Callus Culture Extract, Pentylene Glycol, Hydroxyphenyl Propamidobenzoic Acid, Tetrahexyldecyl Ascorbate, PEG-40 Hydrogenated Castor Oil, Trideceth-9, Phenoxyethanol, Ethylhexylglycerin

DOWNTIME Mild depending on how many layers are applied and the tolerance level of the client's skin.

STEP 3

DUAL ACTION PUMPKIN ENZYME MASK:

Suitable for all Fitzpatrick's

The signs of aging require multiple age fighting ingredients to get you to look your best. M.A. Dermaceuticals has combined the best nature and science has to offer to give you the youth building age minimizing performance for lasting results. This naturally derived exfoliating pumpkin mask contains essential enzymes which gently dissolve dry dead skin cells to promote new cell production and essential Vitamins A and C which help smooth and reinforce the skin's natural barrier and help maintain healthy radiant skin.

DIRECTIONS: On a clean dry face apply approximately 5 to 7g light even coat of Dual Action Pumpkin Mask avoiding contact with eyes. Allow to sit on face and for not more than 3 minutes.

STEP 4.1

With a dry 4x4 cotton square, pat the face to remove any excess acid. Then with a fresh 4x4 cotton square or applicator of your choice apply small amounts of **Everyday Renewing Toner** to treated area. This will slowly bring the pH of the skin up. Then with a a lightly dampened fresh 4x4 square pat treated area with tepid water. Very little is needed. Do not soak the applicator or skin.

STEP 4.2

NEUTRALIZER SOLUTION PH 8.0 TO 9.0

Using cotton swab, quickly apply M.A.D. Neutralizer Solution to all areas were a peel has been applied

Contains:

Licorice Extract

Rosemary Extract

Oat-Derived Soothing Extracts

DUAL ACTION PUMPKIN ENZYME MASK PROTOCOL:

Suitable for all Fitzpatrick's

SKIN CONCERN Ideal for mature skin, fine lines and wrinkles, sun damaged skin and/ or rough uneven skin.

pH 2.2 - 2.9

ACTION INGREDIENTS

- Natural Pumpkin Puree - This natural puree is rich in enzymes to help exfoliate dead skin and soften the appearance of fine lines and wrinkles. It boosts collagen production to help combat the signs of aging.
- Salicylic Acid - A beta-hydroxy acid derived from the willow bark tree which helps to decongest skin and reduce blemishes and black heads.
- Lactic Acid - Derived from fermented milk, has been used in skincare for centuries as a source of skin smoothing and skin softening and also as a vehicle for exfoliation in higher concentrations.
- Glycolic Acid - A powerful effective exfoliator for aiding in skin turnover, glycolic acid is the most active and beneficial of alpha-hydroxy-acids.
- Cinnamon Bark Oil - This naturally derived oil is known to increase collagen levels and improve skin's elasticity by stimulating blood vessels which can help to plump skin and improve the appearance of fine lines and wrinkles. It can also help soothe irritated skin and offer dull dry skin a more radiant and healthy glow.

INGREDIENTS Water (Aqua), CucurbitaPepo Fruit, Glycolic Acid, Lactic Acid, Dehydroxanthan Gum, Salicylic Acid, Cinnamomum Zeylanicum Bark Oil, Papain, Dehydroacetic acid, Benzyl Alcohol, Sodium Hydroxide

WARNINGS For external use only. Avoid contact with eyes. If irritation or rash develops discontinue use and rinse with water. If irritation persists consult a physician. If swallowed get medical help or contact a poison control center immediately. Keep out of reach of children.

STEP

5

DELICATE SKIN CALMING GEL MASK WITH BOOSTER

Dispense about 5 to 7g of gel mask and apply with a brush all over face liberally, avoid contact with eyes. Let sit for 3 to 5 minutes and rinse with tepid water. Pat skin dry. Your face will feel soothed, calmed and refreshed.

BENEFITS

- Botanical rich complex.
- Minimizes & prevents redness and irritation.
- Hydrates and Refreshes.
- Paraben-Free.

ACTION INGREDIENTS

- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.

STEP 6

TREATMENT MASKS

Treatment Masks can be combined for a broader range of active utilization targeting multiple skin concerns. Dispense 3 to 4 Drops of the Booster Serum and put all over face and gently spread. Dispense 5 to 7g of Mask into portion bowl. With a fan brush spread evenly all over face. Let sit 5 to 15 minutes. Rinse with water.

— RADIANT BRIGHTENING MASK

BENEFITS

- Botanically Enriched to brighten dull tired skin

ACTION INGREDIENTS

- BVOS-C — A stable, oil soluble form of Vitamin C, offers UV-protection, skin whitening, and anti-aging benefits.
- Stay-C® 50 — Helping to lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — A water soluble and highly stable form of Vitamin C
- Emblica — An herbal antioxidant, one of the highest concentrations of Vitamin C.

— ENVIRONMENTAL DETOX MASK

BENEFITS

- Detoxifies / Protects skin cells against environmental factors / Destresses

ACTION INGREDIENTS

- CELLETOX® — Reinforces the cell detoxification process.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.

— SPOT ON ZINC AND SULFUR MASK

BENEFITS

- Dries excess oil / Minimizes imperfections / Enriched with skin soothers

ACTION INGREDIENTS

- Alp Sebum — Produced from the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.

— JENASUS GROWTH FACTOR MASK

BENEFITS

- Rapid treatment for the appearance of lines and wrinkle / increases skin's own collagen & elastin levels and reduce blotchiness / Refines skin texture to recapture tight contours to the cheeks and neck area

ACTION INGREDIENTS

- EGF at 3% — EGF can help skin stem cells to absorb nutrients, speed cell metabolism, accelerate skin cell division and growth, and stimulate the synthesis of hyaluronic acid and glycoproteins.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.

STEP 7

SERUMS

The serum step is an excellent opportunity to cross protocol and deliver multiple benefits. In this step we can address skin irritation, hyper-pigmentation, environmental and healthy cell stimulation, acne control and even anti aging. Dispense 3 to 4mL of desired serum. Put all over face then spread evenly.

— BLEMISH REPELLING GEL

BENEFITS

- Light weight and non-drying / Minimizes appearance of pores / Enriched with Green Tea, Aloe Vera, Licorice and Epilobium Fleischeri Extract.

ACTION INGREDIENTS

- Benzoyl Peroxide 5% — This tried and true antibacterial, anti-acneic ingredient helps to unclog pores and control oil and hinder further breakouts.
- Alp Sebum — From the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.

— WRINKLE REPELLENT ENVIRONMENTAL PROTECTION SERUM

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Protects against UV induced repair / Helps reinforce cellular repair

ACTION INGREDIENTS

- CELLDETOX® — CELLDETOX® reinforces the cell detoxification process.
- Oxygeskin® — Oxygeskin® restores the capacities of the cells to respond to the hypoxic stress and helps the intracellular diffusion of oxygen.
- Shield Bact Peptide — Shield Bact Peptide mimics and enhances the natural antimicrobial properties of the skin.
- Lavadox — Lavadox is made of selected molecules of Spanish lavender oil (Lavandula stoechas). Results for application of 1.0% Lavadox showed approximately 11% reduction in wrinkles after 24 hours and 13% reduction after 7 days. In Vivo testing shows wrinkle reduction in 24 hours.
- Bisabolol — A derivative of M. chamomilla (German Chamomile), Bisabolol is a naturally occurring active ingredient that accelerates the healing process of skin. Also known to have anti-irritant, anti-inflammatory and anti-microbial properties.

— SPOT ON TARGETED SKIN BRIGHTENING SERUM

BENEFITS

- Holistic skin lighteners work to even skin tone / Brightens skin

ACTION INGREDIENTS

- Emblica Fruit Extract — Provides skin with excellent brightening properties and helps minimize the appearance of skin discoloration, giving the skin a more luminous and healthy glow.
- Multi Vitamin C Complex — This combination of stable Vitamin C helps to brighten and add luminosity to dull tired skin.
- Blueberry Fruit Extract — An excellent source of antioxidants, blueberry extract has been used for centuries to achieve optimum skin luminosity and to revitalize dull skin and hasten healing.
- BVOS-C — A stable, oil soluble form of Vitamin C, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis.

STEP
7
CONTINUED

- Stay-C® 50 — Lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — Water soluble and highly stable form of Vitamin C for its skin brightening benefits and can help even out skin tone, stimulate collagen production, and diminish fine lines and wrinkles.
- β-White™ — β-White™ is an innovative TGF-β biomimetic encapsulated whitening peptide and serves as a key ingredient to a safe, progressive and efficient lightening effect. Upon clinical evaluation of skin color, results showed a 30% brightening effect in under 2 months.
- Lumiskin™ — Gives dramatic results in controlling melanin, the pigment that makes skin darker.

— REDNESS RESCUE

BENEFITS

- Calms redness / Protects and soothes irritated skin / Hydrates, nourishes & destresses skin

ACTION INGREDIENTS

- Water Lilly Extract — An aquatic flower, this extract is known for calming and helps to hydrate and soothe irritated skin.
- Soothing Peptide Complex — This blend of powerful peptides offers unparalleled skin rejuvenation benefits and aids in tissue regeneration.
- Oat Derived Extract — Known for its skin soothing benefits, oat is also known for its natural moisturizing and skin conditioning properties.
- Hyaluronic Acid — A major component of the skin, it is an excellent source of hydration and also helps to repair damaged skin tissue.
- Sepicalm™ VG — Sepicalm™ VG is a unique union between palmitoylproline and water lily flower extract created to calm and soothe irritated and stressed skin.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Hyaluronic Acid — A complex carbohydrate, hyaluronic acids fastens onto collagen and elastin fibers and helps carry out vital skin function.

— YOUTH TRANSFORMATION AGE CORRECTIVE SERUM

BENEFITS

- Combats chronological aging / Protects against UV damage / Boosts epidermal regeneration & improves the skin barrier function

ACTION INGREDIENTS

- Multi Peptide Anti-Aging Complex — Offering excellent skin rejuvenating benefits and skin regeneration.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Unirepair T-43 — This potent bioactive complex of the amino acids; Acetyl Tyrosine, Proline, and Adenosine TriPhosphate helps to counteract environmental skin damage and help protect against UV radiation.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair.
- Symglucan® — Derived from Beta-Glucan this skin conditioner can effectively protect against UV-damage.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.

STEP 8

MOISTURIZERS

The moisturizer step is an excellent opportunity to cross protocol and deliver multiple benefits. In this step we can deliver a second layer of intensive active ingredients on top of the serum to address skin irritation, hyper-pigmentation, environmental and healthy cell stimulation, acne control and even anti aging. Dispense 4 to 5g of desired moisturizer. Spread evenly all over face.

— BREAKOUT CONTROL DAILY MOISTURIZER

BENEFITS

- Moisturizes without clogging pores / Controls oil production

ACTION INGREDIENTS

- Tea Tree Oil — A naturally occurring essential oil which helps to fight and control bacteria.
- Peppermint Oil — A natural skin soother which helps to tame reddened and irritated skin.
- Ginger Root Extract — Nature's own circulation booster which helps to heal and clarify skin.
- Witch Hazel — Nature's astringent which helps to minimize pores and refine skin without irritation.
- Alp Sebum — From the Alpine plant Epilobium fleischeri, Alp Sebum is an innovative ingredient with proven efficacy against oily skin.

— DELICATE DAILY MOISTURIZER

BENEFITS

- Calms, protects, and soothes irritated skin / Hydrates, nourishes and destresses skin / Smooths and soothes skin

ACTION INGREDIENTS

- Aloe & Chamomile — Nature's own soothers which help to calm and distress irritated skin.
- Licorice Extract — This herbal extract serves as a natural remedy for red, irritated and sensitive skin.
- ProdeW 400 — With its excellent retaining ability, ProdeW 400 is comprised of 8 types of amino acids as well as sodium PCA and lactic acid. In combination, this blend helps to protect the skin from dryness, it aids in moisturizing the skin and promoting elasticity.
- Sedaplant Richter — A complex combination of herbal anti-irritant extracts.
- Neutrazen™ — This lipopeptide can help prevent and reverse signs of inflammation and calm and soothe irritated skin.
- Hyaluronic Acid — A complex carbohydrate, hyaluronic acids fastens onto collagen and elastin fibers and helps carry out vital skin function. It allows cells to preserve water and helps to restore skin texture and resiliency.

— DAYTIME DEFENSE SHIELDING MOISTURIZER

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Protects against UV induced stress / Helps reinforce cellular repair

ACTION INGREDIENTS

- Cellular Enhancing Isoflavones — These organic compounds help to reduce the breakdown of collagen and prevent fats in the skin from forming aggressive compounds.
- Cell Detoxifiers — A blend of natural extracts including cranberry, apple and phellodendron which help to rid the skin of damaging toxins and help to combat environmental and emotional stress.
- CELLDETOX® — CELLDETOX® reinforces the cell detoxification process: it reduces the level of oxidized proteins and peroxidized lipids.
- Oxygeskin® — Oxygeskin® restores the capacities of the cells to respond to the hypoxic stress and helps the intracellular diffusion of oxygen.

STEP
8
CONTINUED

- Shield Bact Peptide — A Cationic Host Defense Hexapeptide (CHDPs) with broad spectrum antimicrobial activity to mimic and enhance the natural antimicrobial properties of the skin.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.
- Grape Fruit Stem Cell Extract — High in antioxidants, this powerful age fighter helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.

— ILLUMINATING DAILY MOISTURIZER

BENEFITS

- Minimizes uneven skin tone / Brightens / Moisturizes and hydrates

ACTION INGREDIENTS

- Emblica Fruit Extract — Provides skin with excellent brightening properties and helps minimize the appearance of skin discoloration, giving the skin a more luminous and healthy glow.
- Multi Vitamin C Complex — This combination of stable Vitamin C helps to brighten and add luminosity to dull tired skin.
- BVOS-C — A stable, oil soluble form of Vitamin C, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis.
- Stay-C® 50 — Lessen the appearance of fine lines and wrinkles, whitening spotty and darkened skin, evening out skin tone and aiding in collagen production.
- Magnesium Ascorbyl Phosphate — Highly stable form of Vitamin C for its skin brightening benefits and can help even out skin tone, stimulate collagen production, and diminish fine lines and wrinkles.
- β-White™ — β-White™ is an innovative TGF-β biomimetic encapsulated whitening peptide and serves as a key ingredient to a safe, progressive and efficient lightening effect. Upon clinical evaluation of skin color, results showed a 30% brightening effect in under 2 months.
- Niacinamide — Niacinamide increases the keratin synthesis, increases the skin's production of ceramides and stimulates epidermal proteins to give the skin a natural healthy glow.
- Nano LDP's Lightening — The LPD's Lightening work to stimulate collagen synthesis and protect the skin against phototoxicity allowing your skin to appear brighter.

— TRANSFORMING DAILY MOISTURIZER

BENEFITS

- Combats chronological aging / Protects against UV damage / Boosts epidermal regeneration / Improves the skin barrier function.

ACTION INGREDIENTS

- Grape Fruit Stem Cell Extract — High in antioxidants, helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — Extracted from the Alp Rose, this nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Tetrapeptide-7 — Essential for healing, this peptide significantly reduces skin's inflammatory responses and minimizes swelling and irritation of dry inflamed skin.
- Oligopeptide — A hyaluronic acid booster, this peptide helps to stimulate synthesis of collagen and help rebuild the skin's matrix offerings kin texture that is more refines, firmed and toned.
- Unirepair T-43 — Potent bioactive complex of the amino acids; Acetyl Tyrosine, Proline, and Adenosine TriPhosphate helps to counteract environmental skin damage and help protect against UV radiation.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair. They activate the neo-synthesis extracellular matrix macromolecules thereby providing Matrixyl® 3000 with a visible anti-wrinkle efficacy.
- PhytoCellTec™ Malus Domestica — A cell proliferation enhancer, studies have shown this extract to target specific genes involved in the delay of senescence of dermal fibroblasts. Protection against oxidative stress and repair of DNA are upregulated by Malus Domesitca Stem Cell Extract. Two daily applications of the test cream containing 2% PhytoCellTec™ Malus Domestica over 28 days resulted in a significant decrease in wrinkle depth in all of the volunteers tested.

STEP
9

EYES

Protect the eyes and give them the support and nourishment they need. Dispense a bb size amount onto 4th finger. Tap gently under eye and around orbital bone. Gently pull away from eye to disperse, tap lightly till dry.

— EYE TRANSFORMATION SERUM

BENEFITS

- Combats chronological aging / Protects against UV damage.

ACTION INGREDIENTS

- Multi Peptide Anti-Aging Complex — Offering excellent skin rejuvenating benefits and skin regeneration.
- Apple Fruit Stem Cell Extract — This fruit-derived stem cell culture provides powerful anti aging benefits, helps to lessen the appearance of wrinkles, and increase the longevity of skin cells.
- Grape Fruit Stem Cell Extract — High in antioxidants, helps to repair the signs of aging resulting in skin that has a more youthful appearance and reducing crepiness around the eye.
- Alp Rose Stem Cell Extract — This nature's "super flower" helps to recharge skin stem cells and protect cells against UV stress and improves skin's tone, texture and firmness.
- Matrixyl® 3000 — Contains matrikines, which are messengers of cutaneous reconstruction and repair.
- Haloxyl® — Reinforcing firmness and tone of the eye area.
- Eyeliss® — A combination of 3 active molecules : hesperidin methyl chalcones, dipeptide VW and lipo peptide Pal-GQPBR. Eyeliss is a global treatment for puffy eyes based on the association of these 3 actives that target specific physiological deficiencies.

— EYE DEFENSE SHIELDING SERUM

BENEFITS

- Promotes cellular oxygenation / Aids against environmental stress / Helps reinforce cellular repair

ACTION INGREDIENTS

- Pollution Defense Peptide — Enhances the function of skin to help eliminate toxins and minimize damaging effects of physical and emotional stress. It also guards against free radical damage.
- Cellular Enhancing Isoflavones — These organic compounds help to reduce the breakdown of collagen and prevent fats in the skin from forming aggressive compounds. Also helps to improve skin breakdown due to environmental stress.
- Cell Detoxifiers — A blend of natural extracts including cranberry, apple and phellodendron which help to rid the skin of damaging toxins and help to combat environmental and emotional stress.
- Oxygen Boosters — Help to enhance and improve skin circulation and boost immunity for overall cellular health.
- SYN®-COLL — SYN®-COLL is an innovative wrinkle smoothing complex that comprises boosting of collagen production as well as providing collagen protection from degrading enzymes.

— PHOTO GUARD SPF 20 ANTI AGING EYE CREAM

BENEFITS

- Lightweight formula rich in a combination of anti-aging ingredients and SPF for ultimate skin benefits and protection against UVA/UVB exposure / Helps to repair existing sun damage and prevent future signs of photo-aging

ACTION INGREDIENTS

- Manoliva — A bioactive complex that helps protect skin from UV induced oxidation.
- Symglucan — Derived from oat it helps to moisturize and hydrate and reduce visible signs of aging offering excellent protection from environmental stressors
- Uniprotect 3 — A unique ingredient assists with helping to repair skin affected by existing sun damage and helps to prevent further damage caused by harmful rays of the sun.
- Heliogard 365 — This algae offers natural UVA screening to help protect against photo aging.
- Edelweiss Extract —This combination of citrus bioflavonoids helps to neutralize free radical scavengers.

STEP 10

A MUST STEP TO PROTECT THE NEW SKIN: SOLAR PROTECTION

— ON GUARD SKINSCREEN SPF 30

BENEFITS

- Light weight / Hydrates / Enriched with TriniTea Complex, Cranberry, Apple / Phellodendron and Astragalus Extracts.

ACTION INGREDIENTS

- Titanium Dioxide: 7.5% — A naturally occurring oxide which serves as a physical barrier to reflect sun away from the skin and aids in protecting skin from the sun's harmful rays without the irritation of chemical sunscreens.
- Zinc Oxide: 7.5 % — Light and natural, this physical sunscreen acts as a "mineral filter" to help protect skin against sunburn and harmful UVA/UVB rays.
- Helioguard 365 — A liposomal preparation of mycosporine-like amino acids from the red algae plant, Porphyra umbilicalis, that naturally absorbs UV-A light.
- TriniTea Complex — A blend of white, red, and green tea which bathes the skin in rich antioxidants. This combination offers excellent antioxidant benefits to the body and skin.

— ON GUARD TINTED SUNSCREEN SPF 30

BENEFITS

- Light weight / Amino Acid Complex to repair UV-induced DNA Damage / Wrinkle smoothing action / Tinted for perfect coverage / Physical UVA/UVB Sun Protection / Multi Peptide and Ceramide Complex / Stabilized Vitamin C

ACTION INGREDIENTS

- Titanium Dioxide 10% — A naturally occurring oxide which serves as a physical barrier to reflect sun away from the skin and aids in protecting skin from the sun's harmful rays without the irritation of chemical sunscreens.
- Zinc Oxide 6% — Light and natural, this physical sunscreen acts as a "mineral filter" to help protect skin against sunburn and harmful UVA/UVB rays.
- BVOS-C — A stabile, oil soluble form of Vitamin C, called Tetrahexyldecyl Ascorbate, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis. It also offers excellent antioxidant benefits and the ability to penetrate into the epidermis and cells makes BVOS-C very bio-available.
- Dermaxyl® — A patented form of Palmitoyl Oligopeptide, this anti wrinkle ingredient also has benefits as a skin rehydrating and skin smoothing agent. It can help soften fine line and wrinkles and give skin a more refreshed appearance and a healthier and more balanced look.

— HYPER SHEER DAILY MOISTURIZER SPF 50

BENEFITS

- Antioxidant formula promotes cellular repair and function / Aids against environmental stress / Protects against UV induced stress and provides excellent SPF 50 protection / Hyper-sheer formula offers SPF 50 protection, antioxidant blend and a hint of moisture.

ACTION INGREDIENTS

- Zinc Oxide 9%
- Octylmethoxycinnamate 7.5%
- BVOS-C — A stabile, oil soluble form of Vitamin C, called Tetrahexyldecyl Ascorbate, BVOS-C offers UV-protection, skin whitening, and anti-aging benefits as well as aiding in collagen synthesis. It also offers excellent antioxidant benefits and the ability to penetrate into the epidermis and cells makes BVOS-C very bio-available.
- Oxynex K — Rich in ascorbic acid, ascorbylpalmitate and tocopherol, it offers maximum anti-oxidant protection against free radical damage and helps combat the visible signs of aging while restoring natural radiance to intoxicated and tired skin. It helps to detoxify skin and rid the skin of impurities.

STEP
10
CONTINUED

- Passion Fruit Extract — This excellent natural skin repair extract is rich in Vitamin A and Vitamin C and carotenes which help protect against oxidative and free-radical damage. It can help promote skin repair and repair damage done to the skin resulting from environmental stress. It can calm and soothe inflamed skin and help prevent signs of premature aging.
- Watercress Extract — Because of its natural ability to fight bacteria it serves as powerful protector against everyday biopollutants. Abundant in pantothenic Acid, vitamins A,C& E, it offers skin repair for inflamed and irritated skin and can help detoxify and maintain healthy skin. It is also rich in Vitamin k which helps maintain healthy connective tissue and cellular function.

— HYPER SHEER MATTE FINISH DAILY MOISTURIZER SPF 50

BENEFITS

- Antioxidant formula promotes cellular repair and function in a matte-finish / Aids against environmental stress / Protects against UV induced stress and provides excellent SPF 50 protection / Matte-finish can be worn under make-up or alone

ACTION INGREDIENTS

- Zinc Oxide 9%
- Octylmethoxycinnamate 7.5%
- Oxynex K — Rich in ascorbic acid, ascorbyl palmitate and tocopherol, it offers maximum anti-oxidant protection against free radical damage and helps combat the visible signs of aging while restoring natural radiance to intoxicated and tired skin. Please read each item carefully:

____ I understand that medium-depth peels are designed to refine pores, clarify skin, improve texture, appearance of fine lines and reduce hyperpigmentation. A series of 2-6 peel procedures may be necessary to see maximum, desired results.

____ I understand that this is a 3 to 7 day peel, and I will not look my best during that time and may not want to appear in public.

____ I understand that the peel may cause swelling or puffiness on the treated area, which may be uncomfortable. I realize that the procedure will most likely cause my skin to appear red and peel or flake like a sunburn.

____ I understand that during and after the procedure, the following may be experienced: stinging, itching, burning, mild pain, tightness, and peeling of the superficial layers of the skin. These sensations will gradually diminish over the course of 3 to 7 days, as the skin returns to its normal appearance.

____ I understand that there is a risk of post-inflammatory hyper-pigmentation, especially if I am dark-skinned or pre-disposed to hyper-pigmentation

____ I acknowledge that no guarantee has been given by anyone as to the results that may be obtained from this peel.

____ I have informed my skin care professional of all medications and skin care products that I am currently taking or have taken during the past six months including both prescription & over-the-counter products.

____ I have informed my skin care professional about any susceptibility of cold sores and/or allergy to: _____

- For Non-Resorcinol Peel and Advanced Acne Peel: Aspirin, Salicylic acid, Glycolic Acid, Lactic Acid
- Turmeric for all Medi Peels
- For Multi C Retinol Peel: Vitamin A, Vitamin C, Multi Fruit Acid, Glycolic Acid, Lactic Acid
- Jessners: Aspirin, Salicylic Acid, Milk, Lactic Acid and/or Resorcinol
- Glycolic Acid 40%: Glycolic Acid

____ I understand that I am not to pick at my face or peel away skin during the post-peel period.

____ I understand that I am to avoid prolonged sun exposure for the first two weeks following the procedure.

____ I understand that proper sun protection including, but not limited to, the faithful use of a broad spectrum UVA-UVB sunblock containing SPF 30 is vital to proper aftercare. I agree to use sunblock with SPF 30 protection at all times for the first month after the peel and continue to use thereafter any time I am exposed to the sun.

____ I understand I am to avoid heat and not participate in any activity or exercise that will cause excessive sweating or perspiring during the first several days after the peel.

____ I understand that there may be an acne flare-up after treatment.

Important: **DO NOT PICK AT THE SKIN.** If the skin is removed prematurely, prolonged healing and/or infection are possible and may cause a scar.

At HOME POST PEEL INSTRUCTIONS

- Do not apply anything to the face for at least 1 hour (post peel)
- Do not get water on the face or cleanse for 48 hours following your peel procedure. Use only **Delicate Skin Cleansing Gel** to gently clean the face.
- No makeup until peeling is complete
- Apply **Redness Rescue** or **Delicate Skin Calming Gel Mask** and sunscreen **ONLY** to the face until the peeling process is complete.
- Avoid the sun, heat or excessive dryness
- Do not pick the peeling skin. (Use small scissors to cut off loose skin)
- Discontinue all exfoliating products (acids) for 3 weeks following your treatment.
- Refrain from exercise or activity that will cause sweating or perspiring during the first several days after the peel.
- Men should shave 12 hours prior to peel and not again until peeling is complete.

Day 1-2

- No water is to be used on face for the first 48 hours.
- Apply nothing to the face for the 1st hour
- After 1 hour, apply only Redness Rescue or Delicate Skin Calming Gel Mask to keep skin lubricated.
- Skin should be minimally touched during this processing time.
- Skin may have a frosted look (until you apply lubricant) and may have the appearance of being slightly sunburned.
- The skin will start to turn darker and may be unevenly colored.
- Avoid heat and/or excessive sweating for first 4 days.
- Avoid makeup and/or shaving until full peeling process is complete.

Day 3

- Gently cleanse the face twice a day with Delicate Skin Cleansing Gel (Use these products for 7-10 days at least.)
- The skin will start to feel very tight and dry.
- Continue to keep it well lubricated with Redness Rescue

Day 4-6

- Continue cleansing the skin twice a day and applying lubrication frequently.
- The peeling process should begin, and your skin may feel very tight.
- Never peel off the skin; let it shed naturally.

Day 7-8

- The peeling process is normally complete by day 7 or 8.
- When skin sensitivity is diminished, you may resume your normal skin care regimen as long as it is gentle and acid-free.
- Makeup may be worn if the skin is no longer shedding.
- Products that contain glycolic, lactic, or alpha hydroxyl acids should not be used for 2 weeks post application of peel.
- Do not forget to wear sunscreen. An SPF of at least 30 should be worn at all times during the daylight hours.
- Men may shave when the peeling is complete.

pH 5.2-5.9

30 % GLYCOLIC PEEL

ANTI-AGING

SKIN CONCERN

Glycolic 30% Peel is suitable for most skin types particularly normal to oily, acneic, and sun damaged. Sensitive and dry skin types should consult with a skin care professional to determine if the Glycolic 30% Peel is an appropriate choice for them.

Ideal for mature skin, fine lines and wrinkles, sun damaged skin and/or rough uneven skin.

DIRECTIONS

Cleanse face with appropriate cleanser, apply toner to prep skin for best results. Apply Glycolic 30% peel evenly coating desired area keeping away from eyes and nostrils. Wait approximately 3 minutes then repeat application to the desired number of layers. (1-3 layers for a light peel) (4-6 layers for medium peel effect) Once applied wait 1 to 3 minutes then begin removal with tepid water rinsing the entire area several times to make sure all of the peel is removed. Follow with a Neutralizer solution if desired. Follow with Redness Rescue, a desired moisturizer and a sunscreen of SPF 30 or higher.

ACTIVE INGREDIENTS

Glycolic Acid, Oat Derived Soothing Extracts, Chamomile, Licorice

pH 2.0-2.5

JENASUS GROWTH FACTOR MASK

ANTI-AGING

SKIN CONCERN

Jenasus Growth Factor Mask is suitable for most skin types particularly mature dry, and sun damaged skin. Sensitive skin types should consult with a skin care professional to determine if the Jenasus Growth Factor Mask is an appropriate choice for them.

DESCRIPTION

Bioactive molecules capable of penetrating the inner most layers of skin provide the necessary energy and stimulation of the cell to increase oxygen consumption and active ingredient utilization. This enables cell proliferation and a reduction in fine lines and wrinkles, sun damaged skin and/ or rough uneven skin.

BENEFIT

- Rapid treatment for the appearance of lines and wrinkle
- increases skin's own collagen & elastin levels and reduce blotchiness
- Refines skin texture to recapture tight contours to the cheeks and neck area

ACTIVE INGREDIENTS

EGF at 3%, Apple Fruit Stem Cell Extract, Grape Fruit Stem Cell Extract, Alp Rose Stem Cell Extract

pH 5.0-6.0

MULTI PLANT STEM BOOSTER SERUM

ANTI-AGING

SKIN CONCERN

Ideal for mature skin, fine lines and wrinkles, sun damaged skin and/or rough uneven skin.

DIRECTIONS

Cleanse face with appropriate cleanser, apply toner to prep skin for best results. Apply Booster Serum to face with a swab or brush. Immediately apply Youth Transformation Mask. Follow directions for Youth Transformation Mask.

- Does not contain parabens or chemical colorants.

BENEFIT

NA

ACTIVE INGREDIENTS

Pharmaceutical grade silicone, Lemon and Lavender

pH NA

40% GLYCOLIC ACID PEEL

UNIVERSAL

SKIN CONCERN

Dry mature skin showing visible lines and wrinkles, sensitive skin types should consult with a skin care professional to determine if the 40% Glycolic Peel is an appropriate choice for them.

DESCRIPTION

The 40% Glycolic Acid Peel is generally considered a medium level peel containing a high concentration of Glycolic Acid. The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. It is recommended that new users begin with 1-3 layers for a light/medium peel. Generally 4-6 layers will result in a medium/deep peel and 7-8 layers can result in a deep peel.

BENEFIT

- Provides a remarkably even exfoliation of the skin
- Reduces fine lines and signs of premature aging by increasing cell turnover - meaning younger healthier cells are now visible on the skin's surface
- Acne scars (and other scar lesions) respond well to consistent glycolic acid treatment
- Further products and treatments can penetrate deeper as it removes the 'barrier' of dead cells and surface grime

ACTIVE INGREDIENTS

Glycolic Acid, Curcuma Longa (Turmeric) Root Extract

pH 2.25-2.75

JESSNER'S PEEL

UNIVERSAL

SKIN CONCERN

Jessner Peel is suitable for most skin types particularly normal to oily, acneic, and sun damaged. Sensitive and dry skin types should consult with a skin care professional to determine if the Jessner peel is an appropriate choice for them.

DESCRIPTION

The Jessner Peel is generally considered a medium level peel containing (Salicylic, Lactic, and Resorcinol.) The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. It is recommended that new users begin with 1-3 layers for a light/medium peel. Generally 4-6 layers will result in a medium/deep peel and 7-8 layers can result in a deep peel.

BENEFIT

Improved skin tone, texture and clarity. A reduction of acne, clogged pores, shallow wrinkles, and fine lines. Increase in collagen and elastin production.

DOWNTIME

Mild to Moderate depending on how many layers are applied and the tolerance level of the client's skin.

MAINTENANCE

Maintain your new vibrant skin with Salicylic Cleansing Gel 2%, Glycolic Exfoliating serum 7% and On Guard Skinscreen SPF30

pH 6.5-7.5

JENASUS GROWTH FACTOR PEEL

UNIVERSAL

SKIN CONCERN

Jenasus Growth Factor Peel is suitable for most skin types particularly mature dry, and sun damaged skin. Sensitive skin types should consult with a skin care professional to determine if the Jenasus Growth Factor Peel is an appropriate choice for them.

DESCRIPTION

The Jenasus Growth Factor Peel is generally considered a medium level peel containing Multi Fruit Acid, Lactic Acid and Glycolic Acid. The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. It is recommended that new users begin with 1-3 layers for a light/medium peel. Generally 4-6 layers will result in a medium/deep peel and 7-8 layers can result in a deep peel.

BENEFIT

- Rapid treatment for the appearance of lines and wrinkle
- increases skin's own collagen & elastin levels and reduce blotchiness
- Refines skin texture to recapture tight contours to the cheeks and neck area

ACTIVE INGREDIENTS

EGF at 3%, Apple Fruit Stem Cell Extract, Grape Fruit Stem Cell Extract, Alp Rose Stem Cell Extract, Lactic Acid-This alpha, Glycolic Acid, Multi Fruit Acids, Curcuma Longa (Turmeric) Root Extract

pH 2.25-2.75

NON-RESORCINOL PEEL

UNIVERSAL

SKIN CONCERN

Non Resorcinol Peel is suitable for most skin types particularly normal to oily, acneic, and sun damaged. Sensitive and dry skin types should consult with a skin care professional to determine if the Non Resorcinol Peel is an appropriate choice for them.

DESCRIPTION

The Non Resorcinol Peel is generally considered a medium level peel containing (Salicylic, Lactic, and Glycolic Acids.) The depth of this peel is determined by the number of layers applied during application and the tolerance level of the skin it is applied to. It is recommended that new users begin with 1-3 layers for a light/medium peel. Generally 4-6 layers will result in a medium/deep peel and 7-8 layers can result in a deep peel.
