

DESCRIPTION

Broad Spectrum SPF 30 is the perfect combination of sun, sensitivity and age defense. Natural Zinc Oxide provides chemical-free broad-spectrum UVA/UVB protection at the surface while a specialized amino acid and algae blend provides UV protection at the cellular level. Skin will be moisturized, calmer and better equipped at resisting premature aging.

BENEFITS

- Provides chemical-free, broad spectrum UVA/UVB protection
- Naturally brightens skin tone and moisturizes
- Anti-inflammatory, antioxidant, anti-aging

PRESENTATION <i>Retail:</i> 1 oz. Airless Bottle	SKIN TYPE All Skin Types	pH 6.9
--	------------------------------------	------------------

USAGE

Apply liberally 15 minutes before sun exposure. Use a water resistant sunscreen if swimming or sweating. Reapply at least every 2 hours.

SUN PROTECTION MEASURES

Spending time in the sun increases your risk of skin cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a broad spectrum SPF of 15 or higher and other sun protection measures including: Limit time in the sun, especially from 10 a.m. – 2 p.m. Wear long-sleeve shirts, pants, hats and sunglasses. Children under 6 months: Ask a doctor.

CAUTION

Do not use if the skin is broken/cracked. For external use only. Avoid contact with eyes. Keep out of reach of children. Stop Use and ask a doctor if rash occurs. Protect this product from excessive heat and direct sun.

INCI INGREDIENT LIST

Active ingredients 13.5% Zinc Oxide

Aqua (Water), Caprylic/Capric Triglyceride, Candelilla/Jojoba/Rice Bran Polyglyceryl-3 Esters, Glycerin, Isodecyl Neopentanoate, Ethyl Macadamiate, Aleurites Moluccana Seed Oil, Hydroxypropyl Starch Phosphate, Glyceryl Stearate, Hamamelis Virginiana (Witch Hazel) Water, Ergothioneine (L), Hordeum Distichon (Barley) Extract, Macadamia Ternifolia Seed Oil, Porphyra Umbilicalis (Red Algae) Extract, Santalum Album (Sandalwood) Extract, Phellodendrom Amurense Bark Extract, Glyceryl Isostearate, Sodium Stearoyl Lactylate, Polyglyceryl-10 Pentastearate, Polyhydroxystearic Acid, Tocopherol (D-alpha), Tocopheryl Acetate (D-alpha), Lecithin, Malic Acid (L), Lonicera Caprifolium (Honeysuckle) Flower Extract, Lonicera Japonica (Honeysuckle) Flower Extract, Potassium Cetyl Phosphate, Hydrogenated Palm Glycerides, Alcohol, Cetearyl Alcohol, Behenyl Alcohol, Hydroxypropyl Methylcellulose, Sodium Lactate, Phytic Acid, Citric Acid

KEY INGREDIENTS

Zinc Oxide (13.5%): Beyond its value for daytime UVA/UVB protection— Zinc Oxide is a calming and soothing ingredient for red irritated skin. Hence its use in baby balms.

Ergothioneine (L): antioxidant that protects skin from oxidative and DNA damage; protects the mitochondrial membrane against oxidation

Porphyra Umbilicalis (Red Algae) Extract: highly unique, organism lives in shallow waters where it is exposed to extreme UV radiation. It produces the most powerful UV-absorbing substances in nature, and the extract itself absorbs both UVA and UVB light.

Aleurites Moluccana Seed Oil: expressed from the Kukui Tree, moisturizing, anti-aging, conditioning.

KEY INGREDIENTS

(continued)

Phellodendrom Amurense Bark Extract: hydrating, aids in repair of damaged skin, improves moisture retention.

Malic Acid (L): chirally-correct, derived from apples, smoothes skin, promotes cellular renewal.

Tocopherol (D-alpha): chirally-correct, naturally occurring fat soluble form of Vitamin E that protects against oxidative stress and inflammation.

Tocopheryl Acetate (D-alpha): chirally-correct ester of D-alpha Tocopherol, improved oxidative stability, antioxidants protect against oxidative stress, anti-inflammatory.

Phytic Acid (Rice Heart): antioxidant effects stem from its ability to chelate minerals (particularly iron) and inhibit their oxidation. Phytic acid is also a natural brightening agent by inhibiting the inclusion of iron and copper in the process of melanin synthesis.

Lecithin: emollient, supports NMF (Natural Moisturization Factor) in skin.
