

DESCRIPTION

Saffron Meristem Cream is a luxurious comfort cream loaded with numerous key ingredients for the complete corneotherapy care of your dry, sensitive clients. It contains Shea butter and the special complexes listed below to moisturize, calm redness and irritation, nourish and repair the skin barrier. This helps strengthen the stratum corneum in order to protect against daily wear and tear from environmental toxins. The exciting part, however, is the Saffron Meristems. Saffron is well-known as one of the world's most expensive spices. Hale & Hush is one of the first skin care brands to use Saffron Meristems. The Meristems (think plant stem cells) contain all the power of Saffron to provide antioxidant, anti-aging and brightening benefits.

BENEFITS

- Restores moisture and calms irritation
- Fortifies and promotes a healthy barrier function
- Provides gentle anti-age benefits

PRESENTATION <i>Retail:</i> 1.7 oz. White Airless Pump	SKIN TYPE All Skin Types	pH 3.91
