SAINT MINERALS®

Clean. Curated. Conscious.

About us.

Saint Minerals is a consciously-created, cruelty-free, clean, mineral make-up range, derived from highest quality, vegan-friendly, no nano technology minerals.

Mineral make-up is not new, however the demand for an ethically-created, clean beauty range with no fragrance, no synthetics + no parabens, led to the evolution of Saint Minerals, a mindfully-created, Australian-made, owned + sustainably-operated identity.

Our Belief **System.**

We Believe in Saint MineralsSaint Minerals is a movement.

A movement to provide clean beauty without doing harm to your skin, your planet or your ethics.

Saint Minerals Believes in Clean Beauty

Saint Minerals is cruelty-free, vegan-friendly, ethically-sourced, sustainable + authentic.

Saint Minerals Believes in Inclusive Beauty

Suitable for all skin types, tones, conditions, ages, preference of coverage, + lifestyles.

Saint Minerals Believes in Conscious, Multi-Tasking

Made from earth's natural minerals, antioxidant-rich plant extracts + hydrating formulations, Saint Minerals is skincare with added the benefit of colour.

Saint Minerals Believes in the Healing Power of Make-Up

Our formulations contain natural anti-inflammatories + antioxidants to help soothe blemishes, reduce shine + minimise the effect of pollution + environmental factors.

Discover our beliefs + join the Saint Minerals movement.

Clean. Curated. Conscious.

Saint Minerals is an SPF25 100% cruelty-free mineral, make-up range derived from the highest quality, vegan-friendly, natural ingredients.

Made from earth's finest natural minerals, antioxidant-rich plant extracts + hydrating properties, Saint Minerals is skincare with the added benefit of colour.

Saint Minerals Believes in the Healing Power of Make-Up.

Start with a good base.

Saint Minerals is all about the base, offering a wide range of coverage, that is designed for your skin type, condition + lifestyle.

Our formulations contain SPF25 from the purest highest quality minerals Zinc oxide + Titanium dioxide. Giving the skin full coverage from UVA UVB rays.

Saint Minerals Bases with SPF25 does not seep into the skin like regular make up does. Saint Minerals will sit on the top of the skin acting as a protective barrier between you and your environment. Leaving your skin with a long lasting, breathable, hydrating base

Acne Cosmetica – Caused by Make up that often will present as colour stay capabilities and loaded with chemicals and Alcohol that don't allow the skin to breath. Acne Cosmetica can be characteristics by lumps and bumps under the skin typically appearing on the cheeks, chin and forehead.

With Rosacea and inflammatory skin conditions Traditional make up contains Alcohol, fragrances, Glycols and the list goes on which cause more inflammation and skin issue.

Pigmentation needs as much UV protection plus anti inflammatory ingredients to not trigger more pigmentation.

As a skin therapist it is your responsibility to education your clients on why Saint Minerals bases are part of the skincare journey for ultimate results

Mineral **Primer**.

Prime + prep the skin, smooth texture, minimise fine lines, wrinkles + blur pores before any Saint Minerals foundation application.

- Suitable for all skin types, particularly oily skin to help eliminate oil / shine
- Can be used alone to smooth texture, minimise fine lines + wrinkles + blur pores before any Saint Minerals foundation application
- Clear, silky gel consistency, light on skin + gives long-lasting durability
- Raspberry Seed Extract to sooth symptoms of inflammation
- Designed to create the perfect canvas for flawless Saint Minerals base application

PRO TIP's

Apply after moisturiser or SPF using fingertips. Helps smooth texture + tone, minimise the appearance of pores, blemishes or imperfections + ensures a longer-lasting, more durable + flawless foundation base. Used alone the "blurring" effect gives a brighter, clearer complexion.

INGREDIENTS

NOTES

Cyclopentasiloxane (and) Dimethicone Crosspolymer, Cyclopentasiloxane, Dimethicone, Tocopherol Acetate, Sea Buckthorn Extract, Pomegranate Seed Extract, Raspberry Seed Extract, Kiwi Fruit Seed Extract + Cucumber Fragrance.

Natural Oil **Primer.**

A true "hero product" in the Saint Minerals range – this multi-functional, multi-tasking primer can be used 3 ways.

- Multi-functional primer can be used 3 ways

 use as a hydrating primer for dry / de-hydrated skin or transform Mineral Loose
 Powder into a natural liquid foundation. As a moisturiser
- Loaded with Omega 3+6+9 To provide hydration and eliminate TEWL
- Essential Oils to act as the preservative agent

PRO TIP's

This multi-functional primer can be used 2 ways. For dry / dehydrated skin, apply direct for a dewy finish for extra hydration + repair. Or using our Foundation or Kabuki Brush mix a small drop with our Loose Powder lid to create a 100% natural liquid base + apply in downward strokes for a luminous glow.

INGREDIENTS

Jojoba Oil, Apricot Kernel Oil, Macadamia Oil, Evening Primrose Oil, Cherry Kernel Oil, Rosehip Oil, Tocopherol Acetate. Essential Oils of Lavender, Lemon, Geranium, Frankincense + Rose.

NOTES

Base.

Natural Loose Mineral **Powder.**

Loose Mineral Powder builds from light - full coverage. Conceal + protect + get a flawless finish.

- 7 colour shades 01, 02, 02.5, 03, 04, 05, 06
- Tripled-milled, super-fine powder provides a satin, creamy, full-coverage, dewy, incandescent, flawless finish
- Suitable to use over all other Saint Minerals bases
- Turn the loose into a liquid +Saint Minerals oil primer
- Suits all skin types
- Offers UVA+B protection from Zinc Oxide
 - + Titanium Dioxide
- Magnesium Stearate- is a salt mineral to stop that cakey chalky look
- Mica a naturally occurring earth mineral that gives the foundation luminosity and light reflecting to minimise imperfection

PRO TIP's

Tap a small amount of powder into the lid + swirl your Saint Minerals Kabuki Brush into the powder to warm up the minerals.

The more you warm the minerals – the more flawless the application. Work powder into brush, tap off any excess + lightly dust over face for a flawless, luminous base. Saint Minerals is highly concentrated, so repeat process for fuller coverage. Can also be used as a spot-treatment concealer when applied with a concealer brush.

INGREDIENTS

Titanium Dioxide, Mica, Kaolin Clay, Magnesium Stearate & Zinc Oxide. May contain [+/ (May Contain) Iron Oxides (CI 77491, CI 77492, CI 7288, CI 77499), Ultramarine Blue (CI 77007)].

NOTES

Liquid Mineral **Foundation.**

Creamy, hydrating, full-coverage + long wearing. Easy to apply.

- 7 colour shades 01, 02, 02.5, 03, 04, 05, 06
- Full coverage provides long-lasting wear.
 Creamy formula which hydrates skin + provides the perfect coverage without feeling heavy on the skin
- Offers UVA+B protection from Zinc Oxide
 + Titanium Dioxide
- Iron oxides to give the base a water resistant plus stops the minerals from bleeding and give more UVB protection
- Hyaluronic Acid for hydration
- SPF 25

PRO TIP's

Best applied with a Saint Minerals Foundation Brush. Provides a hydrating, luminous, full-coverage complexion - while still allowing the skin to breathe. Suited for all skin-types, ages + concerns - Saint Minerals heals + protects + flawlessly hides line-lines + wrinkles, Rosacea + Acne.

INGREDIENTS

Caprylic/Capric Triglyceride, Hydrogenated Polyisobutene, Corn Starch Modified, Simmondsia Chinensis (Jojoba) Seed Oil*, Kaolin, Euphorbia Cerifera (Candelilla) Wax, Copernicia Sa Chinerisis (optical) seed of i, Naoini, Euphroinia Centera (Cardenina) wax, Copenicia Cerifera (Carnauba) Wax, Butyrospermum Parkii (Shea Butter) Fruit*, Polyglyceryl-4 Oleate, Caprylhydroxamic Acid (and) Caprylyl Glycol (and) Glycerin, Tocopherol, may contain (+/-) Mica (CI 77019), Zinc Oxide (CI 77947), Titanium Dioxide (CI 77891), Iron Oxides (CI 77491, CI 77492, CI 77499), Ultramarines (CI 77007), Tin Dioxide (CI 778161)

NOTES		

Saint Minerals BB

Cream.

Saint Minerals Mineral BB Cream is a true multi-tasking base offering medium coverage + UVA+B protection.

- 6 colour shades 00, 01, 02, 03, 04, 05.
- A medium coverage lightweight formula packed full of anti-oxidants, botanicals
 + essential oils
- Iron Oxides UVB protection and water resistant priorities
- Titanium Dioxide UVA+UVB protection
- Omega 3 for moisture and prevent dryness
- SPF 25
- Quick + easy to apply

PRO TIP's

Quick + easy to apply using fingertips. Used alone this product will achieve a light-medium coverage. For full-coverage, mix with Saint Minerals Loose Foundation to create a luminous, full-coverage complexion or the Pressed powder - while still allowing the skin to breathe.

INGREDIENTS

Aqua, Cyclomethicone, Glycerin, Titanium Dioxide, C12:15 Alkyl Benzoate, Cetyl PEG/PPG:10/1 Dimethicone, Methylpolysiloxane, Magnesium sulphate Heptahydrate, Isopropyl Myristate, Methylchloroisothiaxolinone, Methylisothiaxolinone, Magnesium Stearate, Iron Oxides, Pomegranate Seed Extract, Sea Buckthorn Berry Extract, Kiwi Seed Extract, Cucumber Extract + Fragrance. Essential Oils of: Blood Orange, Grapefruit White, Lime + Lemon.

NOTES			

Enhance.

All Over Bronzer.

Our highly pigmented All-Over Bronzer creates added warmth + glow to the skin. Use on eyes, blush, body + lips.

- A universal, highly pigmented, long-lasting, loose bronzer powder designed to create a radiant, healthy glow, all-year-round.
- One universal shade suits all skin types + tones.

PRO TIP's

Tap a little amount into the lid + apply to designated area with the Dual-Finish Blush Brush. Buff + blend into the skin to move the colour + depth to the area of choice. As with all Saint Minerals loose powders, a little goes a long way, so add gradually until you get the required depth of colour you prefer.

Endless application possibilities - use alone for a radiant glow, blend on eyelids for a subtle, copper hue or use with our All-Over Mineral Highlighter for a defined, contoured photo-finish.

Mix your favourite body moisturiser / with our Natural Oil Primer to create a silky, smooth liquid bronzer suitable for face + body.

INGREDIENTS

Mica, Rice Powder, Titanium Dioxide, Magnesium Stearate, Zinc Oxide + Iron Oxide CI77491.

NOTES

All Over **Highlighter.**

Our All-Over Highlighter creates added luminosity + glow to the skin. One universal shade suits all skin types + tones.

- A true, multi-tasker. Use on cheeks, temples, nose + eyes the iridescent, super-fine mineral particles create a light-weight, flawless sheen.
- One universal shade suits all skin types + tones.

PRO TIP's

Using our Saint Minerals Dual-Finish Brush, swirl + buff atop any Saint Minerals base to create an effortless, soft, luminous, natural look from day – night.

The opportunities are endless with this little pot of magic!!

Natural Oil Primer: Mix a few drops to create a liquid highlighter for cheeks, brows + templesEyes: Dot in the inner corner of the eye to help lift tired eyes, create a brighter, larger doe-eyed look, or contrast a smokey eye

Cupids-Bow: Pop above your cupids-bow – to create a subtle, strobe effect.

INGREDIENTS

Mica, Titanium Dioxide + Iron Oxide CI 77491

NOTES

Eyes.

Peptide Cream

Concealer.

Our concealers have a creamy, luxe texture which does not crease or crepe the delicate eye area.

Long-lasting durability with anti-aging peptides.

- Highly-pigmented, lightweight yet longlasting cream concealer which effortlessly hides dark circles + puffiness+ pigment + blemishes
- Contains anti-aging peptides, antioxidants
 + essential oils
- Suits all skin types (available in 2 shades 01 + 02)

PRO TIP's

NOTES

SAINT MINERALS

Lengthening

Mascara.

Frame your eyes + complete your look with this long-lasting, Lengthening Mascara.

- Designed to be long-lasting + smudgeproof
- Plumping collagen formulation
- Black only, 12 ml

PRO TIP's

Apply as usual, frame your eyes + complete your look with this long-lasting, collagen-infused, Lengthening Mascara.

INGREDIENTS

Aqua, Synthetic Cera Alba, Collagen, Carnuaba, Iron Oxide Black Cl 77499, Acrylate Copolymer, Nylon 12, Stearic Acid + Propylene Glycol

NOTES

Eye Liner Pencils.

Smooth, buildable, waterproof + essential budge-proof consistency – perfect all day – night wear.

- Blend + build a perfect smokey eye with our super-smooth, 100% natural, highly pigmented, high performance mineral Eye Liner Pencils.
- Long-lasting mineral based formulation.
- Waterproof for that budge-proof effect needed for all day – night wear
- Suitable for sensitive eyes / contact lens wearers.
- Available in 3 shades Black, Slate + Brown.

PRO TIP's

Apply as normal, as with all Saint Minerals make-up – a little goes a long way with this highly, pigmented formulation. Go slowly + use short strokes to create an even line. To soften + blend to create a dramatic smokey eye, use the angled brush on the end of our Dual-End Brow Brush.

INGREDIENTS

Isododecane, Ozokerite, Cyclopentasiloxane, Paraffin, Polybutene, Microcrystalline Wax, Simmondsia Chinensis (Jojoba) Seed Oil, phenoxyethanol + Tocopheryl Acetate.

NOTES

Brow Butters.

Super smooth consistency with water-resistant properties for all day wear

- Brows + arches will always be on point with our 100% natural, highly pigmented, pomade-style Brow Butter.
- 3 shades available Blonde, Brown + Black
- Super smooth consistency with water-resistant properties.

PRO TIP's

Use the angled brush on the end of our Dual-End Brow Brush to apply + define the arch. Comb through using the Spoolie for naturally, groomed brows which frame the face.

NGREDIENTS

Riccinus Communis Seed Oil, Synthetic Cera Alba Wax, Simmondsia Chinensis (Jojoba) Seed Oil, Caprylic/Capric Triglyceride, Butyrospermum Parkii (Shea) Butter, Cera Carnuaba (Copernicia Cerifera Wax) + Tocopherol Acetate. [+/: (May Contain): Titanium Dioxide (CI 77891), Iron Oxides (CI 77491, CI 77499)].

Kabuki Brush.

Our signature Kabuki Brush is essential for a flawless, Loose Powder application Conveniently-sized stem, with a large, dome-shaped, perfectly-proportioned, synthetic head which allows you to softly swirl + warm up the loose minerals + gently buff the skin.

Gain maximum control as you buff + build in circular movements, creating desired level of air-brush quality coverage. Its soft, wide head is ideal for dusting a year-round Summer glow across temples, cheeks, neck + décolletage.

Liquid Foundation Brush.

Our Liquid Foundation Brush is made from the softest of synthetic hairs with a sleek, tapered edge which allows you to expertly build, blend + control your application.

Simply place a small amount of Saint Minerals Liquid Foundation on the back of your hand, sweep the brush across the foundation + apply in downward strokes or stipple the brush over areas you wish to build further coverage. A perfectly, flawless result, every time.

Dual-Finish Blush Brush.

Our Liquid Foundation Brush is made from the softest of synthetic hairs with a sleek, tapered edge which allows you to expertly build, blend + control your application.

Simply place a small amount of Saint Minerals Liquid Foundation on the back of your hand, sweep the brush across the foundation + apply in downward strokes or stipple the brush over areas you wish to build further coverage. A perfectly, flawless result, every time.

Dual Ended Brow Brush.

Dual-Ended brush with a stiff, angled end for blending Brow Butter into hair + the spoolie helps groom + tame brows into place. Also great for softening Eye Liner to create a sultry, smokey look.

Precision, control + polished results, every time.

Brush Tips + Cleaning

We suggest softy "brushing" the bristles of the brushes with fingers a few times before first use to remove loose/excess hair. To clean use a mild brush cleaner or shampoo. Its advisable to avoid using alcohol for cleaning so to protect the glue / bristles.
