

Sensitive Skin Treatment Protocol

FEATURES OF TREATMENT:

This treatment is for those clients with sensitive or sensitized skin. This restorative treatment specifically reduces inflammation, redness, and itchiness while calming, healing and nourishing the skin. This treatment also adds a great exfoliation and deep hydration that can improve complexion and boost skin's immunity, which will help prevent future irritations.

BENEFITS OF TREATMENT:

- Calms sensitive, red, inflamed and irritated skin.
- Creates a more even skin tone.
- Supports and helps to repair skin's microbiome and barrier function.
- Produces anti-inflammatory and anti-allergy effects to heal skin from the inside out.
- Supports moisture and protection against environmental-damage effects.
- Offers detoxifying and brightening benefits.
- Soothes and cools skin immediately on contact.

HIGHLIGHTED PRODUCTS:

Refine Polish is an exfoliating polish designed to stimulate skin's surface gently, leaving behind a smooth, clear and glowing complexion. It helps repair the barrier while calming the skin and reinforcing the microbiome. Jojoba beads are gentle on the skin and a wonderful option for any skin type, but especially sensitive skin. (pH 5.6)

Hush Hydrate Gel/Mask is a delicate and moisturizing formula chock full of botanical extracts, antioxidants, and skilled inflammation fighters. Our mask contains a potent anti-inflammatory and anti-allergic compound found proven to comfort aggravated and inflamed skin.
