Do you have puffy eyes during the holidays ?
After a hard day, do your eyes feel heavy and tired ?
Our new Secret Glowing Eye Serum is for you !

Eye contour is a delicate and aging prone sensitive area. Specially formulated to take care of your eyes, the Secret Glowing Eye Serum is composed with a set of highly concentrated active ingredients like Cocoa Bioferment, which acts to improve blood circulation, Hyaluronic Acid which provides intense moisture and Stabilized Vitamin C which unifies complexion.

Therefore, this serum has four main goals:

- Anti-dark circles / lightening
- Intense moisturizing
- Anti-aging
- Anti-inflammatory/ Anti-puffiness

Ideal as an eye makeup base or as a daily care, its light and smooth formula penetrates quickly and enhances your eyes by giving them radiance, tone and firmness.

We used a natural gelling system based on lecithin, pullulan and xanthan gum which offers a silky texture, without greasy or sticky feeling. As emollient, we used a natural derivative of coconut oil for easy application and to moisturize deeply.

Reveal your glowing look and feel more confident!

INSTRUCTIONS FOR USE

Morning and evening

Apply morning and / or evening, as needed, on the eye contour.

Follow with the Enhancing Eye & Lip Cream if desired and the Harmonizing or Repairing Cream, depending on the time of day.

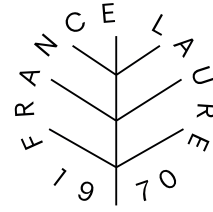

Tap until complete absorption.

PROPERTIES

Brightens

Micro-blood circulation
and lymphatic
microcirculation

Secret Glowing Eye Serum

Cocoa Bioferment

Improves blood circulation, skin elasticity and revives radiance.

Hyaluronic Acid

Moisturizes and plumps the skin by forming a film on the surface, reduces appearance of wrinkles and fills fine lines.

Stabilized Vitamin C

An exceptional anti-aging and anti-oxidant active, stimulates collagen synthesis, protects cells from free radicals damages and unifies the complexion.

Yogurt Extract

Moisturizes, increases the stratum corneum ability to fix water, accelerates the stratum corneum renewal and stimulates the ceramides production.

Organic Blue Agave Ferment

Powerful moisturizer, protects against environmental stress, smoothes and rejuvenates the skin.

Wild Pansy Extract (Viola Tricolor)

Increases aquaporin-3 activity and hyaluronic acid concentration for an optimal epidermal moisturization. Improves cellular metabolism, decreases appearance of wrinkles and fine lines.

Cranberry Enzyme

Soothes skin inflammation, destroys bacteria, protects the skin from free radicals, gives a refreshed and rejuvenated look.

Pineapple Enzyme (bromelain)

The pineapple stem contains one of the most effective proteolytic enzymes in the world, bromelain, which catalyzes the destruction or dissolution of dead cells and reduces skin inflammation. Excellent for skin issues, bromelain efficiently helps to disintegrate excess cells for an effective, non-abrasive exfoliation. The skin is left soft and glowing.

Wakame Bioferment

Asian algae, a powerful ingredients with purifying, fortifying and anti-aging properties. Acts to increase collagen activity and minimize cell damages causing skin aging.

Cornflower Extract

Thanks to its anti-irritant, antioxidant and astringent properties, the cornflower tones, decreases oxidative stress to give back to the skin all its softness.

Dark Circle Complex TM

Strengthens blood vessels under the eyes, reduces flow of capillaries and blood clusters, resulting in a drastic decrease of dark circles under the eyes.

Hexapeptide 3

Reduces wrinkles formation especially on forehead and on eye contour.

Baobab Pulp Extract

Energizes, revitalises, and moisturizes the epidermis, reorganizes cutaneous structure in order to fight against facial muscles looseness and gravity effects. Provides a silky touch.

Candle Bush Leaf

Patented product. Very rich in flavonoids and tannins, protects the cells nuclei' DNA against UV damages, preserves skin cells, prevents and fights against skin photo-aging.

Pearl Hydrolysat Powder

Revives the complexion, clears age spots, freckles and acne scars.

Marine Glycosaminoglycanes

Reduces the appearance of dark circles, rosacea and spider veins.

Coenzyme-Q10 & Carnitine

Very powerful antioxidant, this mixture allows the cells to fight against all forms of physical or chemical aggressions, it protects and revitalizes the skin.

Lycopene

Protects cells from free radicals, improves moisturization, gives flexibility and elasticity.

Bio-Chelate (zinc, copper, magnesium, iron, silicon)

Improves barrier function, has an anti-inflammatory power, decreases stress-related factors, increases cellular energy production.

Vitamin P (Esculin)

Reduces aging effects and free radical damages. Anti-inflammatory. Improves microcirculation and vessel protection.

Complex Vitaminized Liposomic (A, C, E)

Protects the lipid membrane against free radical attacks.

Aloe Vera

Anti-inflammatory, moisturizing, soothing, healing, refreshing, antiseptic.
