## Ageless System Beauty Wand 1.0

The Beauty Wand is a facial massaging device that also provides a micro-current. The kneading and micro-current work together to firm and tighten skin, improve circulation, diminish the appearance of fine lines and wrinkles, and help skincare products absorb deeper into the dermis -- all in just 5 minutes a day!

There are two main benefits to using the wand:

1. The four rollers massage away puffiness, release tension in the face, and increase blood circulation and oxygen, giving the skin a radiant glow naturally.
2. The micro-current feature helps to firm-up muscle tone and contour the face.

## Ageless System Beauty Wand 2.0

The Beauty Wand 2.0 is similar to the original beauty wand but, in addition to microcurrent, it also has a micro-needling effect – without needles or puncturing the skin! The rollers of the Beauty Wand 2.0 have small spikes. Rolling the spiked rollers over the skin helps to stimulate fibroblasts, build collagen, increase blood flow, and increase oxygen circulation to give you a healthy glow and plumper skin. All this in addition to microcurrent that gives your facial muscles a mini-workout.

There are THREE main benefits to using the Beauty Wand 2.0:

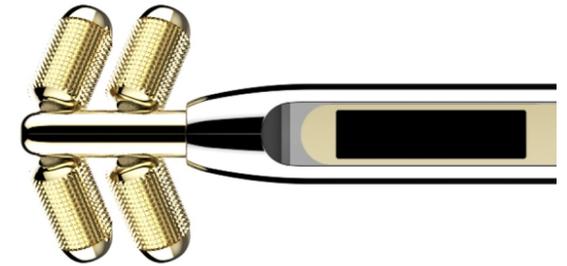

1. The friction from the rollers gives the skin a superficial exfoliation, increases blood flow, and oxygen circulation, giving the skin a radiant glow naturally.
2. The spikes trigger the production of collagen and maintain younger-looking skin.
3. The micro-current feature helps to firm-up muscle tone and contour the face.

## Ageless System Beauty Wands

### Benefits

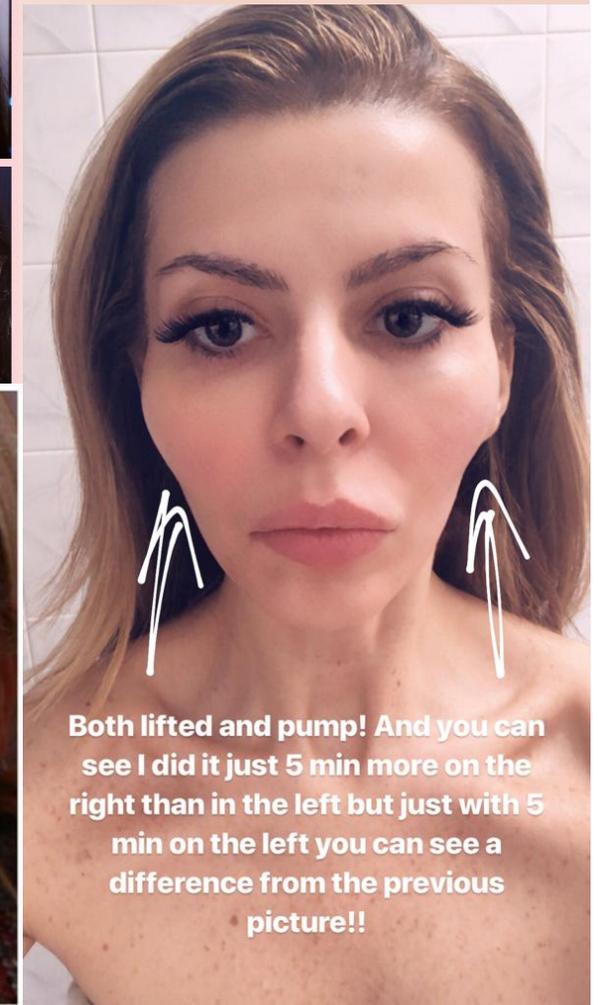

- Improves circulation & reduces puffiness.
- Helps with lymphatic drainage.
- Tones and tightens the muscles of the face (think lifted jowls and eyebrows).
- Shapes and contours the face by improving muscle tone (think contoured jawline).
- Reduces the appearance of fine lines and wrinkles.
- Solar-powered so you never have to plug it in or charge it.
- No need to use with any special gels or products - you can use the Beauty Wand alone or with your favorite skin care products to help them absorb deeper into the skin.
- Lasts up to 5 years with daily use, Voltage 4.2-6.

### Why this device is unique?

The Beauty Wand is innovative because of its unique design with four rollers that are perfectly spaced to fit the curvatures of the face. The spacing and angle of each roller is precisely placed so that you can get to hard-to-reach places like between the eyebrows (for eyebrow furrows), around the eyes (for crow's feet), and around the mouth (for smile lines).
